## 5★ SERVICE WITH ROL CRUISE

**'EASIEST AND FRIENDLIEST WAY  
TO BOOK A CRUISE HOLIDAY'**

When I talk to ROL, it is more like talking to a friend than a sales person. I have used them many times and it feels like we have a personal relationship. They know what I want to do and always have all the information I need. I already recommend them to my friends and will continue to do so.

**'EXCELLENT AS EVER'**

Thank you for being there as a "real person" on the phone. Excellent, efficient and professional. I always receive a top quality service from ROL.

**'KNOWLEDGEABLE, EFFICIENT AND  
FRIENDLY. A 5★ SERVICE'**

Even though we have had two cruises cancelled, ROL staff arranged a replacement cruise of our choice next year. ROL Cruise consultants are both knowledgeable and friendly, and I have always found dealing with them a pleasure. Quite frankly, I wouldn't go anywhere else!

**'BEST TRAVEL AGENCY OUT THERE'**

As always, the service that I received from ROL Cruise was excellent. The staff are so good at what they do, friendly, knowledgeable and helpful. I would recommend ROL to anyone thinking of booking a holiday.

# HELLO AND WELCOME TO YOUR BESTSELLING EDITION OF BLUE HORIZONS

Jeremy Dickinson,  
Chairman of ROL Cruise

It's been a long wait to see cruise ships sailing once more, and words cannot describe how delighted we are that so many of our cruise line partners are once again planning to set sail. The 'sea-cation' may need a new entry in the dictionary, as so many have taken the opportunity to experience the traditional British stay-cation at sea! Its a sign of things to come, and with a whole world out there to explore, we trust it won't be long until those ships can head for more exotic climes.

If you've been mulling over where the next few years will take you, then you are in good company. Here at ROL Cruise our Tailormade experts have been hard at work, creating bespoke experiences to satisfy that long-subdued wanderlust. You never know what you might see. Perhaps it will be Snow Monkeys bathing in hot pools in Japan, with Cunard on pages 30-31. Or even strange moai statues that gaze out to sea, take a trip to Easter Island with Hurtigruten on pages 28-29 to witness these mysterious monoliths. At the top of many lists will be the ever-popular safari experience, and we've a great one at the Shamwari Private Game Reserve with 5★ Oceania Cruises on pages 26-27. Experience conservation at work and search for the elusive 'Big 5'!

P&O Cruises' new ship *Arvia* will be joining this new age of exploration in 2022! Her inaugural voyage is one not to be missed on pages 06-07. Enjoy greater freedom, greater choice and spectacular views.

Happy Cruising!

# 5 of the best Cruises for... NATURE LOVERS

Poet John Keats wrote of nature in *On the Grasshopper and Cricket* that: “the poetry of Earth is never dead” – and any nature enthusiast, we’re sure, will agree. Here are five of the best cruises for nature lovers that you can discover in this edition of Blue Horizons...

1

## EXPLORE THE GALÁPAGOS ISLANDS

An archipelago of 20 islands made famous by Charles Darwin, the Galápagos Islands are a must for anyone who is enthralled by nature.

With only 16 guests on board, complimentary snorkelling equipment and wet suits, seamlessly intuitive service and Galápagos National Park certified naturalists on board, your Galápagos experience will be second-to-none. Visit Baltra Island before visiting over 10 other islands in the Galápagos. Whilst visiting these islands, keep your eyes peeled for the iconic Blue Footed Boobie, the Giant Tortoise, the small Galápagos penguins, Land Iguanas, sea lions plus a whole plethora of other wildlife that call these unique islands their home.

2

## DISCOVER ALASKA & THE CANADIAN ROCKIES

A trip to the Canadian Rockies appears on the bucket list of many nature enthusiasts – and with the exclusive promotion on pages 34-35 you can make it a reality. Combining a new luxury Alaska cruise on board the award-winning *Celebrity Eclipse*®, with an unforgettable journey on board the iconic Rocky Mountaineer train into the Canadian Rockies, this voyage is one not to be missed. Featuring the lush green fields of Fraser Valley,

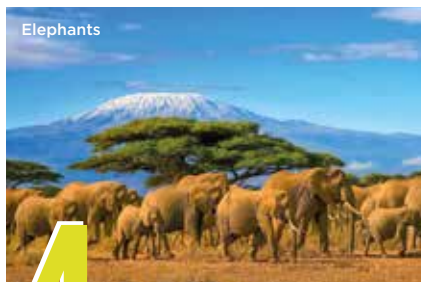

the desert-like environment of the BC Interior, the rushing waters of Hell’s Gate and Thompson River, majestic mountains, glaciers and snow-capped peaks, frolicking brown bears and Yoho National Park, a journey slicing through the Canadian Rockies is a must for anyone who wants to be wowed by nature.

## VISIT THE JAPANESE SNOW MONKEYS

The Japanese macaque, better known as the snow monkey, is a terrestrial old world monkey species native to Japan which lives in areas where snow covers the ground for months each year. The Jigokudani Monkey Park provides visitors with the incredible opportunity to see wild monkeys bathing in natural hot springs, known in Japan as an onsen, and is the best place to observe snow monkeys in their natural environment as they play, eat, sleep and interact with their families. Combined with an 18 night voyage on board the iconic *Queen Elizabeth*, the exclusive ROL Cruise package on pages 30-31 takes you on a four night land tour with Wendy Wu Tours to witness Mount Fuji and meet the snow monkeys of Japan.

4

## SEARCH FOR THE 'BIG 5' IN SHAMWARI

With the aim of restoring this area of the Eastern Cape to its former glory, the Shamwari Private Game Reserve was born of a need to conserve the land and its abundant

## wildlife, birdlife and ecological diversity.

Since its conception in 1990, Shamwari has been actively restoring both the wildlife and flora, eradicating alien vegetation and striving to create an atmosphere where nature can flourish. Visit here on pages 26-27 and join bucket-list worthy game drives which take place in the tranquil moods of sunrise and sunset. Survey the areas, witness the birds of prey or spot one of the 'Big 5' from the comfort and safety of your open game viewing vehicle. Shamwari, meaning "my friend" in Shona, is the pinnacle of private game reserves and home to the coveted Big 5. Stretching 25,000 hectares over a malaria-free landscape, it offers an award-winning nature experience and is one of the largest private conservation initiatives in Southern Africa. This ultimate African adventure stretches along the Bushman's River, halfway between Port Elizabeth and Grahamstown, and forms a natural extension to the famous Garden Route and Cape Town.

When you visit Shamwari Private Game Reserve, the Shamwari team will assign a personal expert ranger to your group of between six and 10 people on your open 4x4 game vehicle. Your game ranger and lodge manager will design your daily game viewing programme with you. Heading towards Machu Picchu, savour a brunch and gourmet lunch as you admire the ever-changing scenery.

### MARVEL AT THE MAGICAL SNOW MONKEYS OF JAPAN

The Japanese macaque, better known as the Snow Monkey are named so because they live in areas where snow covers the ground for many months each year and can be distinguished by their red faces, brown-grey fur and short tails.

During your tour, you will spend time at the Jigokudani Monkey Park, home to the famous Snow Monkeys. Here you'll have the incredible opportunity to see wild monkeys bathing in a natural hot spring, known in Japan as an onsen.

Accustomed to humans, the monkeys can be observed from very close quarters but as a highly protected species there are strict rules in place meaning you mustn't touch them - but you can watch! Marvel as large families of monkeys relax in the warm water - watching how they interact can be highly entertaining.

## Your Galápagos Wildlife Watchlist...

### Access to the Experts

On this sailing you will be accompanied by highly qualified naturalist guides, who will share with you their deep knowledge of the Galápagos archipelago. Together, you will explore each island, trekking over black lava rocks where marine iguanas sun themselves, to see Galápagos tortoises, sea turtles and the iconic blue-footed Boobies.

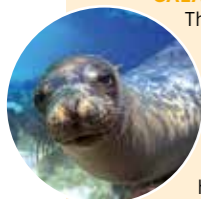

#### MARINE IGUANA

Found only in the Galápagos Islands, the iconic Marine Iguanas are distinguishable by the white "wigs" of salt expelled from glands near their noses. They look fierce, but are actually gentle herbivores, surviving exclusively on underwater algae and seaweed. Their short snouts and razorsharp teeth help them scrape algae off rocks.

#### SALLY LIGHTFOOT CRAB

The brightly coloured Sally Lightfoot crab is a common sight along the shores and beaches of most of the Galápagos Islands. They are rumoured to have been named after a Caribbean dancer, due to their extreme agility, jumping from rock to rock. They're striking colours make for a stunning appearance too.

#### GALÁPAGOS SEA LION

The cute Galápagos Sea Lion is the most abundant marine mammal in the archipelago and is often seen sleeping on the beaches or swimming close to shore. Their streamlined bodies make them very efficient swimmers and hunters, especially of sardines. If you're lucky, you may get the chance to witness young pups chasing each other along the sand.

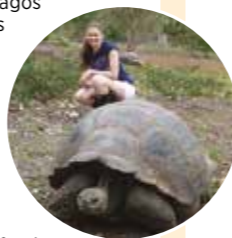

#### GALÁPAGOS PENGUIN

The Galápagos penguin is one of the smallest penguins in the world and is endemic to the Galápagos Islands. It is the most northerly occurring penguin species, nesting entirely in the tropics.

#### Gemma, Head of Commercial at ROL Cruise, experienced the wonders of the Galápagos first hand...

"Experiencing the Galápagos on a Celebrity cruise was without a doubt a once-in-a-lifetime experience and one I will look back on with fond memories for the rest of my life. When you set foot on the lava rock of the Galápagos you feel like you've entered another world! It's amazing how fearless the wildlife is, you have to be careful where you step in case there is an iguana underfoot, they really get that close. The guides from Celebrity Cruises are so knowledgeable and passionate about the islands, you could listen to their stories all day! This truly is a destination to be ticked off your bucket list."

11 NIGHTS DEPARTING 23<sup>TH</sup> FEBRUARY, 20<sup>TH</sup> APRIL, 15<sup>TH</sup> JUNE, 10<sup>TH</sup> AUGUST & 5<sup>TH</sup> OCTOBER 2023

Departs weekly – please call for details

- Day 1 **Fly from London to Quito, Ecuador\***  
Upon arrival, transfer to a hotel for your two night stay
- Day 2 **Quito, Ecuador**  
Today, enjoy a **FREE** guided City Tour of Quito\* with time at your leisure to explore
- Day 3 **Quito, Ecuador**  
This morning, transfer to the airport for your flight to **Baltra, Ecuador**. Upon arrival, transfer to the port and embark **Celebrity Xploration\*** for your seven night cruise **Black Turtle Cove, Santa Cruz Island (pm)**  
A zodiac ride into Black Turtle Cove brings you up close to the quiet wonders of the Galápagos. Once inside the cove, you'll explore the area looking for sea turtles, several species of rays and sharks
- Day 4 **Sullivan Bay, Santiago Island (am)**  
**Bartolomé Island, Galápagos Islands (pm)**  
Bartolomé Island hosts one of the region's most often-photographed views and a spectacular geologic setting. Its barren moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galápagos penguin and provides an excellent opportunity for snorkelling
- Day 5 **Urvina Bay, Isabela Island (am)**  
Composed of five coalesced volcanoes, Isabela is the largest island in the Galápagos and the most recently active. Here you will see large land iguanas, finches, and if you're lucky, a giant tortoise or two. In 1954, the intrusion of magma below one of the island's volcanoes caused part of the bay to be uplifted some six metres, and today you can walk through the remains of what was once a thriving underwater reef **Tagus Cove, Isabela Island (pm)**  
Historically an anchorage for pirates and whalers, this site offers a breathtaking view of Isabela, its volcanoes and spectacular Darwin Lake. Along the shore, seabirds, penguins, sea lions, sea turtles, and nesting flightless cormorants can often be found
- Day 6 **Espinoza Point, Fernandina Island (am)**  
Fernandina is the youngest island in the Galápagos and, as Darwin wrote, it is "covered with immense deluges of black naked lava." Along with its extraordinary black-lava rocks, this point of land hosts the largest colony of marine iguanas in the Archipelago, along with sea lions and a nesting site for flightless cormorants **Vicente Roca Point, Isabela Island (pm)**  
The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a zodiac ride to remember as you search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish
- Day 7 **Egas Port, Santiago Island (am)**  
With its black sand beach, coastal tide pools, and blue-water grottoes, this stop offers a wonderful taste of the Galápagos and the opportunity to see shore birds, Galápagos Hawks, marine iguanas, and Galápagos fur seals. Sea lions, colourful tropical fish and sea turtles are often seen while snorkelling **Espumilla Beach, Santiago Island (pm)**
- Day 8 **Puerto Ayora, Santa Cruz Island**  
This is the main population centre of the islands, and home to the National Park Service tortoise-breeding centre and the Charles Darwin Research Station. You will be able to visit the tortoise-breeding centre and walk through the Charles Darwin Research Station
- Day 9 **El Barranco, Genovesa Island (am)**  
El Barranco, also known as Prince Philip's Steps after the prince who visited in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and red-footed boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin Palo Santo forest

**Darwin Bay, Genovesa Island (pm)**  
Darwin Bay's soft white sand is only the beginning of a spectacular excursion. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigate birds, and more. Snorkelling is a must here, as the nutrient-rich water attracts all types of marine life, including sharks, sea lions, sea turtles, and the occasional manta ray

- Day 10 **Baltra, Galápagos Islands (am)**  
Disembark and transfer to the airport for your short flight to Quito. Upon arrival, transfer to a hotel for your overnight stay
- Day 11 **Quito City, Ecuador**  
Transfer to the airport for your overnight flight to **London\***
- Day 12 **Arrive in London**

## YOUR UNESCO VOYAGE HIGHLIGHTS

### THE EMERALD CITY – SYDNEY

The jewel in Australia's crown, Sydney is one of the most interesting places to visit thanks to its cosmopolitan feel and rich history. The city attracts nearly half of all international visits to Australia thanks to its iconic harbour and glorious beaches. It is also home to the famous Sydney Opera House, a UNESCO World Heritage site recognised the world over due its unique and eye catching design.

### SACRED ULURU (AYERS ROCK)

If nature is your thing then you're in for a treat. Australia's diverse makeup is a goldmine of spectacular sights, one of the most recognisable being Uluru, also known as Ayers Rock. Protruding from the desert like a beacon, the rock glows red at dawn and sunset. Also known as Uluru, the large sandstone rock is sacred to the Pitjantjatjara Anangu, the Aboriginal people of the area.

### THE ICONIC GREAT BARRIER REEF

Certainly the most captivating of all Australia's wonderful natural sights is the Great Barrier Reef. A dazzling kaleidoscope of colour, the coral reef is the world's most extensive ecosystem home to over 1,500 species of fish, around 240 species of birds and a diverse array of crustaceans, anemones and marine worms. A UNESCO World Heritage site, it is one of Australia's best known attractions and a cruise here would be incomplete without a trip to this eye opening aquatic world.

### JAPAN IN THE SPRINGTIME

Each year Japan transforms into a pink Arcadia as cherry trees become awash with their seasonal bloom. This natural marvel is so well followed in Japan, it even makes the daily weather report. Few realise that Japan is an archipelago of 6,852 islands, of which only 430 are inhabited. Japan's southernmost islands are subtropical, and here cherry blossoms can open from as early as January whereas further north, this can be late in May. All the while people gather under the blossoms to celebrate Hanami, a long-standing tradition of welcoming spring, often by gathering under the blossoms for food, drink, songs and company.

Cherry Blossom season may vary. \*\$400 on board spend is not applicable to 26<sup>th</sup> March 2023 sailing. ††Pre-cruise land tour is not combinable with pre-cruise hotel stay. 6★ refers to the cruise element only. †Free shore booked up to 365 days prior to departure - depending on suite grade.
