The visionary approach to the architecture of *Celebrity ApexSM* is only one aspect of the revolutionary story. At the heart of the design team is Kelly Hoppen MBE, with 40 years at the forefront of design. She is one of the most celebrated and sought after interior designers in the world.

Two Levels of Incomparable Luxury

Introducing Edge Villas, the second new suite category on *Celebrity ApexSM*. These six, two-story luxury residences are the first of their kind in the fleet. Each offers a spacious 739 square feet of split-level splendour, plus one bedroom and two bathrooms – perfect for up to four guests.

Eden

This mind-blowing venue is the epitome of *Celebrity ApexSM* outward-facing concept and will awaken every one of your senses in an atmosphere that transforms from chillful mornings to playful afternoons to sinful evenings. Eden in the afternoon is a playful place where a social vibe kicks in. Join cooking classes, learn new tricks for the tastiest of cocktails, and brush up on your wine knowledge with tasting and pairing seminars but, come evening, it is an indulgently sinful fusion of performance art and culinary treats. Eden Restaurant offers a unique, personal culinary journey that will not only thrill your taste buds, but every other sense as well.

The 333 tropical islands of Fiji are scattered across the South Pacific like petals of a Tagimoucia flower. A village school and meeting house are perhaps the sum total of civilization here, but the exceptionally friendly welcome from the residents by far makes up for any lack of modern comforts. A kaleidoscopic vision of colour thrives beneath the surface and is quite literally a visual feast for the eyes

ROL Cruise and Azamara® are delighted to invite you to be a part of history and join the three sisters in Slovenia. For the first time ever, Azamara®'s three sister ships – Azamara Quest®, Azamara PursuitSM and Azamara Journey® - will berth together in the port city of Koper, along the Adriatic coastline, for a historic day of celebration, fun and excitement as part of their Grand AzAmazing EventTM. This spectacular occasion promises to be an unforgettable event in the cruise calendar and you can experience it all with Azamara®'s authentic service, Destination Immersion® and the chance to admire these impressive ships berthed side-by-side from ashore as you enjoy a cocktail or coffee in a port-side café. Not only this, but all three ships will depart Koper, bound for Venice, at the same time. So you can enjoy all the excitement that comes with a trio-sail away – a true once-in-a-lifetime experience.

YOUR AZAMARA® EXPERIENCE

Of course, you will also enjoy a wide variety of nightly selections such as filet mignon with black truffle sauce. With six dining venues on board, you'll find there is a culinary option to suit every palate.

DESTINATION IMMERSION®

Azamara Club Cruises® don't just take you to awe-inspiring destinations; they'll slow it down for you giving you even more time to fall in love with them. They call this Destination Immersion®, and what it means to you is longer stays, more overnights, and night touring in ports of call. This allows you to take the time to explore and connect to the heart of local culture. With AzAmazing Evenings®, that concept is taken a step further. Each private, bespoke AzAmazing Evenings® event delivers authentic travel moments that bring you closer to your destination, its culture and its people.

AUTHENTIC SERVICE

DISCOVER EXOTIC COSTA RICA

YOUR THREE NIGHT STAY AT THE PARADOR RESORT & SPA[‡]

Luxurious and eco-friendly, the Parador Resort & Spa is perched on the Punta Quepost promontory, mere minutes from the Manuel Antonio National Park. Surrounded by nature trails and stretching over 12 acres of lush tropical rainforest, teeming with wildlife, you can enjoy the very best that Costa Rica has to offer. Enjoy the exquisite vista, tuck into a scrumptious breakfast, swim in the pools and delight in the rainforest surrounding you.

MANUEL ANTONIO NATIONAL PARK

Considered by many to be one of Costa Rica's crown jewels, this world-famous park is a lush rainforest reserve, packed with indigenous wildlife and is reachable from the hotel. It's a little over seven and a half square miles in size, and contains nearly 300 different species of mammals and birds. Be on the lookout for a sloth or one of the region's indigenous monkeys while you're here.

MANUEL ANTONIO BEACH

White sand beaches stretch for miles along the coastline from Manuel Antonio National Park, providing numerous options for surfing, sunning, kayaking and parasailing. Playa Biesanz – a 10-minute stroll away – offers a more secluded swimming and sunbathing spot, and you can rent kayaks and snorkel gear. At low tide, you can even spot ancient turtle traps used by the long-gone Quepoa Indians.

THE FUTURE IS GREEN

Hurtigruten have made history by removing all single-use plastics from their ships. In the hope that other cruise lines will follow suit, Hurtigruten, who sail to some of the world's most remote, pristine and delicate environments, have made their announcement at a time when concern for rising plastic in the oceans is at an all time high. To ensure they are operating with the smallest footprint possible, Hurtigruten have removed plastic straws, coffee lids and plastic bags on all of their 14 ships!

⁺⁺Drinks are only included with meals on board. Flights may be indirect. Expedition activities are optional and pre-bookable excursions are at a supplement and must be booked at least 28 days prior on the programme and schedule. Safety is always the first priority and the ship's Captain will decide the final sailing schedule. Therefore, itinerary is subject to change. Wildlife sightings are not

Game drive in Chobe National Park

CHOBE NATIONAL PARK

The Chobe National Park covers 10,566 square kilometres, and has one of the greatest concentrations of game found on the African continent. Its uniqueness in the abundance of wildlife and the true African nature of the region, offers a safari experience of a lifetime. The park is divided into four distinctly different eco systems: Serondela with its lush plains and dense forests in the Chobe River area in the extreme north-east; the Savuti Marsh in the west; the Linyanti Swamps in the north-west and the hot dry hinterland in between.

Chobe Game Lodge is Botswana's most exclusive safari resort, situated in the

remote and unspoilt northern extremity of the Park. The architecture is Moorish and graceful high arches, barrel-vault ceilings and tiled floors create an atmosphere of spaciousness and tranquillity. All 45 rooms are tastefully furnished and cooled by overhead punkah-punkah fans. For the connoisseur of luxury, there are four private suites each with individual swimming pools and outside garden patio. All rooms overlook the perennial Chobe River and adjacent Caprivi floodplain. Facilities within the lodge include a well-stocked curio shop, wildlife reference library and stylishly decorated Linyanti bar and lounge area.

MEET THE EXPERT

AURORA EXPEDITIONS

Historian **Carol Knott** travels worldwide with Aurora Expeditions as an expedition guide and lecturer. From viewing polar bears in the early hours of the morning and following in the footsteps of the Vikings, to being dazzled by the Northern Lights and bettering our environmental footprint: here she tells us everything that we need to know about this exceptional expedition company...

1 As an on board guide and lecturer you must meet a lot of guests. What do you think some of their top highlights are when voyaging with Aurora Expeditions?

- Watching the ship plough through sea ice – mesmerising and unforgettable. The first time you hear that scrape of a one-year ice floe along the metal hull of the ship you think 'what's happening?', but out on deck or up on the bridge you realise this is a really special experience that we all love and are fascinated by
- The atmosphere on board, the expedition staff are all amazing people with extraordinary backgrounds and we develop a lovely convivial group identity as the voyage unfolds and experiences are shared
- Wildlife. Being immersed in their world, far from human beings, whether it's penguins, sea birds, whales or polar bears, is always wonderful.
- Seeing a really big iceberg for the first time.

2 Adventure and expedition are key features of an Aurora Expeditions voyage, how do you think this is achieved during a sailing?

We just go for it. Our Zodiacs takes us wherever we want to go: from ship to shore, in and out of sea caves, under bird cliffs, onto sandy beaches, rocky shores or ice floes, or out cruising with whales. We might wake you up at three in the morning if there is an amazing wildlife encounter happening, such as polar bears. Or there is the option on select voyages to sea kayak, paddle board, scuba dive, snorkel and much more. Some of these activities require previous experience and maybe at an additional charge depending on the chosen activity.

3 What are some of your favourite features on board an Aurora Expeditions ship?

Our ship is the platform that takes us to remote and fabulous places and provides some of the best viewing opportunities for wildlife and inspiring land- and seascapes. Our new ship, *Greg Mortimer*, will have very comfortable staterooms, incredible outdoor viewing areas, such as our hydraulic platforms on the bow and a wrap around balcony outside our observation lounge. From here, guests can enjoy amazing views straight down the bow into the sea, which will be unbelievable when travelling through pack ice and other great facilities, but for me it is the access to the naturalists and specialists on board and the daily sharing of knowledge that makes a trip really enjoyable and meaningful.

4 Where are some of your top destinations to visit for expedition and adventure?

Personally, I love destinations that have a cultural element as well as stunning natural history and photographic possibilities. In Greenland, for example, it is a privilege to meet the indigenous people and learn about a way of life very different from our own, or to explore their ancient sites where resilient people overcame harsh conditions to thrive, hundreds or even thousands of years ago, or to follow in the footsteps of the Vikings as they fearlessly explored the unknown western world.

5 Do you have any tips for those embarking on an Aurora Expeditions voyage for the first time?

Just bring your curiosity and a spirit of exploration, and we'll do our best to take you in comfort to the heart of wonderful, unforgettable places. You'll quickly make friends among your fellow travellers and the staff.

6 What has been your most memorable experience when voyaging with Aurora Expeditions?

Over many years with Aurora I have had countless memorable experiences that would fill a full-length book: lying on the top deck of the *Polar Pioneer* with the entire ship's company in the middle of the September night in Greenland, dazzled by the Northern Lights. Being off on a Zodiac cruise or a hike and the excitement of being first to discover a polar bear. But one of my first impressions of Aurora Expeditions was seeing that their 'Wild Scotland' itinerary included North Rona, the most inaccessible of all Scottish islands. If this company has the gall to attempt to land there, I thought, when none of the others would, then Aurora is the expedition company for me! We don't manage to make a landing every year because of the wild and exposed conditions but, thanks to Aurora, if it's safe and humanly possible, we do it.

7 When on board, do you have time to enjoy the amenities? If so, do you have any favourites?

As a staff member on board, my favourite amenity is my bed, for a deep and welcome sleep after a full-on day and another adventure tomorrow, while being rocked gently by the waves. But for many, amenities such as the sauna after the famous 'Polar Plunge' is pure joy.

Captain's Suite

8 How do you think expedition cruising has grown in recent years?

Its popularity has grown steadily as people have increasingly realised the great value of expedition cruising, and have been inspired by TV programmes and films such as the BBC's 'Blue Planet'. Ships are getting bigger, with more voyages to the polar and other regions, and the guiding industry is becoming more professional, and a more diverse range of activities is being offered.

9 What do you hope for the future of expedition cruising?

My hope is that, as the industry grows, we can hold on to our ethos of small-ship expedition cruising and real expeditionary adventure, while appreciating the benefits of change such as a better environmental footprint and impacts on the environment.

10 Why do you think people should join an Aurora Expeditions voyage?

For a voyage of a lifetime, to experience cutting-edge small-ship travel with like-minded fellow adventurers to extraordinary and often inaccessible places such as Greenland. It's fun, breathtaking and even life-changing.

Wed 20 - Exploring Greenland's West Coast

Tue 26 Over the coming days, you will discover the immense beauty of west Greenland. In true expeditionary style, you can hope to visit the following destinations:

Sisimiut: Greenland's second largest town, Sisimiut is the only place in Greenland that has an open-air public swimming pool. The town is also famous for its old blue church with the gate made from whale jaws. The museum in Sisimiut exhibiting early life in Greenland, allows you to experience local history as well as some cultural historical treats. There are various hiking trails, some of which venture into the mountains that offer spectacular vantage points

Ilulissat: **BOOK a Balcony Stateroom (C) or above & enjoy a FREE helicopter flight* over the Ilulissat Glacier offering unforgettable views**

Nature puts on one of its finest displays in Ilulissat with mountainous icebergs drifting from one of the most productive glaciers in the Northern Hemisphere and out into Disko Bay. A short distance south of town is the mind-blowing Ilulissat Icefjord, designated a UNESCO World Heritage Site in 2004 and home to one of the most actively calving glaciers in the world,

Sermeq Kujalleq. Perhaps enjoy a Zodiac-cruise at the mouth of the fjord and kayak through sea ice and icebergs. Hiking trails offer magnificent vistas of the icebergs – perfect for photography.

Eqip Sermia: Accessible only by sea, Eqi glacier is located 80 kilometres north of Ilulissat. It's one of the most active glaciers in Greenland. Although it's smaller than Sermeq Kujalleq glacier in Ilulissat, it's more accessible. If ice conditions permit, you'll enjoy a Zodiac-cruise within a safe distance to wait for chunks of ice to calve, and to hear the deafening crash of the ice breaking off followed by the huge splash when it hits the water – an experience you won't forget quickly. A hike to the glacier offers a different view

Uummanaq: Surrounded by steep islands, and an endless supply of icebergs from the Qarajaq Glacier, Uummanaq (meaning "heart-like") is the centrepiece of the archipelago – a great place for hiking, kayaking and Zodiac-cruising to explore the coastline

Disko Island: A volcanic island, much younger than the rest of Greenland, Disko Island (or Qeqertarsuaq in Greenlandic) rose up from the continental split where Iceland is now located. Disko Island has many natural features including mountains, hot springs and excellent hiking trails. Rich with marine life, the waters around the island hosts, humpback, fin, minke and bowhead whales – perfect for Zodiac-cruising and encounters with whales

Wed 27 Relaxing at sea

As you sail back south to Nuuk, keep a lookout for whale blows and the seabirds that trail the ship in the ever-present Arctic winds. Enjoy the time to reflect on your recent adventures in Greenland, share and exchange photos, and soak in the spectacular scenery of West Greenland

EXPERTISE & EXPERIENCE

From expedition leaders to experienced activity guides, historians to geologists, and naturalists to leading photographers, some of Aurora's expedition team have led voyages to the Arctic and Antarctica with Aurora Expeditions for over 27 years. The expedition team is there to keep you safe, share their passion for the magnificent places you'll visit and to ensure you have the best experience possible.

PASSION FOR EXPLORATION & ADVENTURE

Like their founder, Greg Mortimer, Aurora Expeditions have a passion for adventure and exploration, and this forms part of every voyage and part of day-to-day life on board. Itineraries are flexible, so they can adapt quickly and maximise the wildlife opportunities to give you the best experience possible. Over the years, they've also pioneered new adventure activities in the polar regions, such as camping, alpine trekking, ski/snowboard touring, sea kayaking, scuba diving and snorkelling. The *Greg Mortimer*, purpose-built for expeditions, makes adventure more accessible than ever.

SMALL SHIPS = GREATER FREEDOM & FLEXIBILITY

Aurora Expeditions believe that small groups make a big difference. Their ships boast one of the lowest passenger capacities in expedition cruising and treks take a maximum of 20 hikers (only available in Patagonia). This leads to smoother transitions, longer and more relaxed landings, and a more personal experience with nature. No matter where you are exploring, Aurora aim for two excursions, and in some cases, it can be up to three excursions per day. Their ship is also built for expedition cruising with sea-level Zodiac-launching platforms, special adventure preparation spaces and fantastic viewing platforms.

TREADING LIGHTLY IN THE REMOTE & WILD

Aurora Expeditions' ship is a purpose-built small expedition vessel designed to respond rapidly to the unpredictable weather conditions in the wild and remote places they visit. This allows expedition leaders to quickly find alternative landing options that may be inaccessible to larger vessels. Similarly, the small-group treks give the expert guides the flexibility to quickly make adjustments when necessary, while also allowing you to tread lightly in the pristine places you visit. The *Greg Mortimer* has also been built to the strictest environmental standards of the latest Polar Code, to ensure non-intrusive and low-impact voyages.

YOUR HELICOPTER TOUR OVER THE ILLULISSAT GLACIER*

Balcony Staterooms (C) & above will receive a free tour*...

This excursion is the only chance to get all the way to the heart of the UNESCO-area. Neither by boat nor by foot is it possible to get this close to the gigantic glacier. Illulissat Glacier is the most productive glacier, not only in Greenland, but in the northern hemisphere. The glacier is seven kilometers wide and more than one kilometre steep. It produces 43 million tons of ice and moves about 50 metres a day. It is an amazing sight to see this infinite amount of ice and experience the enormous power of nature. The helicopter takes off from Illulissat Airport and flies, as low as safety and the preservation permit, crossing hills, lakes and ice fiords. You will land on the mountain at Kangia, in the middle of the preserved area, and for half an hour you are going to enjoy the greatness of the wonderful nature surrounding you. Fly above the edge of the glacier and the icebergs in the fjord on the ride back to Illulissat. Some of the biggest icebergs strand on a moraine underneath the water just outside the town, and it makes a wonderful finale to this excursion.
