We are thrilled to offer a huge plethora of new cruise opportunities this month. Inside this packed edition you will find cruises to take you to so many different destinations including Alaska, the Great Barrier Reef, Iceland, Cape Town and the South Pacific. One of our most popular offers is to experience the Northern Lights with Hurtigruten, a real once in a lifetime experience. We would also like to draw your attention to our 'Green Focus' where we are thrilled to announce we have planted 2,628 trees since our initiative started (see pages 24-25 for more details).

There are brand new itineraries on sale from Saga, including a stunning itinerary to Croatia and Sardinia. Saga's all-inclusive offer is definitely worth taking a look at on page 04. On pages 44-45 you will find the most wonderful cruises featuring the Monte Carlo Masters and the Barcelona Open - with free double upgrades, business class flights and tickets included, everything has been thought of - simply stunning.

Don't forget you can win a case of six fine wines by completing the crossword and entering in our monthly draw. And if you make a booking from this edition, then remember to send in your booking reference to be in with a chance of winning a mystery prize in the Wheel of Fortune. See page 46 for these amazing competitions.

Wishing you a very Happy Easter from us all here,

POLE POSITION

Hurtigruten sails directly beneath the Auroral Zone, an area of continuous and consistent aurora activity around the North Pole. Travelling at sea under the Auroral Zone means that displays can appear right above the ship. Outdoor observation decks provide a clear view of the sky, avoiding the artificial ambient light that is common on land.

PRIME TIME

It is in the frosty winter months when the Northern Lights are most visible, laying claim to the night sky. The Northern Lights will usually appear at multiple times and at multiple locations during your voyage – on board announcements ensure you don't miss a single sighting.

NORWAY'S COASTAL KITCHEN

On this voyage you won't just see the Norwegian coast; you'll taste it too. As you sail its length, Hurtigruten pick from its pantry, sourcing the finest homegrown produce from the ports they visit. They are proud to support 50 local farms, bakeries, and producers from across Norway. In the on board restaurants, enjoy the likes of melt-in-your-mouth cod from Vesterålen, award-winning cheeses from Lofoten, and quality craft beer from Bergen.

- Day 5 **Stokmarknes – Skjervøy, Norway**
Sail into Tromsø, Gateway to the Arctic. Along the waterfront you'll find Polaria, a centre exhibiting environmental research in the Arctic with a small aquarium. Across the fjord, see the iconic Arctic Cathedral with its beautiful stained-glass mosaic

THE STRANGE THINGS YOU CAN DO AT SEA

BY Jane Archer

"Forget napkin folding and deck quoits. These days you should expect the unexpected when you set sail. Here's my pick of seven of the strangest things you can do on a cruise ship."

1 WALK THE PLANK

Harness up and don't look down as you walk a plank just six inches wide that juts over the side of Norwegian Cruise Line's Norwegian Escape, 160 feet above the water. That isn't scary enough for Royal Caribbean International, so they have put a plank over the side of Icon of the Seas, 154 feet above the ocean, that falls away, leaving thrill-seekers to zipline back to base. Only those with a head for heights should try it.

2 DIVE, DIVE, DIVE IN A SUBMERSIBLE

Channel your inner David Attenborough on a dive beneath the waves in a seven-man submersible on Scenic's discovery yachts *Scenic Eclipse I and II*. He dived at the Great Barrier Reef, but you don't have to go to Australia to follow in his footsteps as, weather permitting, Scenic Neptune goes exploring the depths of the ocean in the Caribbean, Mediterranean and even beneath the frozen waters of the Arctic and Antarctica. Not to be outdone, Seabourn has put two subs on each of its expedition ships, Seabourn Venture and Pursuit that come with a Champagne chiller!

3 GET SPELLBOUND

See that nondescript black door on Princess Cruises' new *Sun Princess*? It might not look very interesting but step inside (you need to buy a ticket first) and prepare to be wowed by magicians with hands that move faster than the eye can see. There's a Victorian-themed bar, a theatre and plenty of close-up sleight-of-hand tricks that promise to amaze.

4 BECOME A SCIENTIST

Don't panic! This is not a back-to-school moment with lessons about electrons and molecules (they went straight over my head as well!). Rather it's hands-on Citizen Science at sea projects courtesy of HX Expeditions (Hurtigruten as was). There are Science Centers on all its ships with high-tech gadgets and touch screens to

play with, and passengers are encouraged to learn more about the environments they are visiting by analysing water samples, counting penguins, recording bird, whale and dolphin sightings, observing cloud formations and more. If only science at school had been such fun.

5 TIE THE KNOT

This is nothing to do with weddings, although you can get hitched on several cruise ships. Rather it's all about learning about nautical knot-tying with the crew on Star Clippers' sailing ships. If that doesn't appeal, then how about harnessing up and climbing the mast? This is another for those with a head for heights as you have to be able to shin up a ladder as far as the main top (about 20 metres high), but it's worth it for the terrific views across the ocean.

6 UNDERWATER MISSION

Not another submarine, I hear you say. Well yes, but this time you'll be on the fictional *Arvia II*, and have to turn detective with your sub-mates (up to 10 at a time) in order to solve puzzles and problems, and avoid danger as you sail into ocean canyons, visit sunken cities and encounter marine critters. It's all very realistic in 3D surroundings. In case the sub's name didn't give it away, the adventure is on P&O Cruises' *Arvia*.

7 PEEK BEHIND THE SCENES

Ever wondered what goes on behind those doors on cruise ships marked Crew Only? Hop on one of Cunard's Queens and all will be revealed on a Behind the Scenes tour. It lasts about three hours and takes passengers up and down stairs in the beating heart of the ships, visiting the galleys and bridge, the backstage area in the theatre, the medical centre, engine control room and more. Wear flat closed toe shoes and expect a lot of walking!

SETTING SAIL *for a greener future*

In a world where environmental conservation has become a global imperative, the travel industry is setting its course towards a more sustainable future. At ROL Cruise, the UK's No. 1 Independent Cruise Specialist, we've embarked on a groundbreaking journey by partnering with *More Trees*, a nonprofit organisation dedicated to reforestation and carbon offset initiatives.

A Tree Planted for Every Booking

At ROL Cruise, we're committed to providing unforgettable travel experiences. But we also recognise our responsibility towards the planet we call home. That's why we're thrilled to announce our partnership with More Trees, a leading non-profit organisation dedicated to reforestation and environmental conservation.

IN PARTNERSHIP WITH
more trees

WHY REFORESTATION MATTERS:

Forests are the lifeblood of our planet. They play a crucial role in mitigating climate change, purifying the air we breathe and providing habitats for countless species. Yet, deforestation threatens these vital ecosystems. By partnering with More Trees, we are taking a proactive step towards addressing this global issue.

MAKING A SUSTAINABLE IMPACT:

With this partnership, every cruise you book through us becomes a part of a broader movement for positive change. You have the power to make a difference by choosing sustainable travel options that actively support reforestation efforts. Together, we can reduce our ecological footprint and nurture a greener, more sustainable future.

OUR PLEDGE TO REFORESTATION:

For every cruise booking made with us, we'll plant a tree with the help of More Trees. This not only helps restore forests in areas affected by deforestation but also aids in offsetting the carbon footprint of cruise travel.

JOIN US ON THIS JOURNEY:

We'd like to invite you to be a part of this transformative partnership. By booking your dream cruise through us, you are not only embarking on unforgettable adventures but also actively contributing to the preservation of our planet's natural beauty and biodiversity. Together, we can nurture a greener tomorrow. Thank you for choosing ROL Cruise, where your travels leave a positive mark on the world.

If you would like to learn more, please visit our website here:
www.rolcruise.co.uk/more-trees

We look forward to fighting against climate change with you, our valued customers.

Since ROL Cruise began our tree planting journey, we are delighted that with your help we have planted over 2,500 trees! This will capture an estimated 4,204.80 tonnes of future CO₂ – that's equivalent to 15,573,333.333 miles in a standard car and 24,734,117.647 miles on a short haul flight.

GREAT BARRIER REEF

An attraction like no other, the Great Barrier Reef sits on the coast of Australia and is the only living thing on Earth that can be visibly seen from space. Stretching over 2,500km, the reef is an expanse of vivid coral that is home to some of the world's prettiest and rarest species of fish, turtles and sea mammals. There is only one way to see this natural wonder in all its glory and that's by taking a snorkelling or scuba diving tour. Swim amongst fish, paddle into the crevices that line the coral clusters and witness the magical colours of the reef's seabed first hand.

CELEBRITY EDGE®

Celebrity Edge® marked a turning point in ship design. From the Magic CarpetSM to the private plunge pools in the Edge[®] Villas, you'll never feel more connected to the ocean and the destinations you'll visit than aboard **Edge®**. It takes luxury, culinary experiences and service to a whole new level.

AUCKLAND, NEW ZEALAND

Stretched over a volcanic field on New Zealand's North Island is multicultural Auckland. The country's largest city, this thriving hub offers everything you would expect - enchanting scenery at every turn, fascinating Maori heritage and friendly locals. The urban centre occupies a narrow isthmus between two harbours, while the outer region boasts beautiful beaches, fertile farmlands and rainforest covered hills. One of the best ways to appreciate Auckland's amazing vistas is from the 328m tall Sky Tower which offers impressive 360-degree views of the city.
