In partnership with the British Red Cross, ROL Cruise is helping to raise urgent funds for its Ukraine Crisis Appeal. Via the appeal, The British Red Cross is providing vital aid to families and children, including food, water, medicines, warm clothes and shelter. We want to help make a difference during these difficult times, therefore for every booking made we will be donating to the British Red Cross to show our support. Our thoughts are with everyone who has been affected in Ukraine and all of us at ROL Cruise want to show our support. All of the staff recently donated a range of goods to be delivered to those in need including baby food, nappies, dried food, toothpaste and brushes and much more to help those who have been displaced. We will keep you updated on our efforts to help Ukraine in future editions of Blue Horizons.

HELLO AND WELCOME

TO THE AUGUST EDITION OF BLUE HORIZONS

Jeremy Dickinson,
Chairman of ROL Cruise

Hello and welcome to the August edition of Blue Horizons. It is at this time of year that cooler climes beckon, after all, an ocean of ice is far more effective than ice in a glass! I am therefore delighted to present to you a bestselling itinerary to the Land of Ice! Travel with Oceania to South America and Antarctica, taking in the Falkland Islands along the way. With exclusive free gratuities, bonus on board spend and a low deposit, this certainly is the trip of a lifetime and guaranteed to cool you down! Turn to pages 42-43 to find out more.

Even if you choose to cruise to more exotic climes, a sure-fire way to stay cool is to enjoy a Balcony Stateroom. No matter the time of day, this peaceful haven can offer you shade and a delightful ocean breeze. What's more, you don't even have to pay for it! On pages 12-13 you will find the Bestselling No-Fly Balcony Upgrade Sale with Princess Cruises.

Saga are well known for their all-inclusive style of cruising, on board smaller ships, but did you know that they also offer a balcony for every guest, including single travellers! On pages 14-15 you'll find a host of itineraries where the best view is from your balcony, from the Canaries to the Caribbean. With included travel insurance (optional), shore excursions, chauffeur service, incredible savings, drinks, gratuities and more, a cruise with Saga could be just the ticket.

We all have something on our bucket list we've always wanted to see, for me it's the Great Barrier Reef. This natural wonder is one of the greatest ecosystems on Earth, which is why we've teamed up with Celebrity Cruises to offer an exciting Signature Experience. Turn to pages 32-33 for further details, including exclusive additional discount, on board spend of up to \$1,800 and all-inclusive cruising on the incredible **Celebrity Edge** during her maiden season.

Happy cruising!

YOUR WORLD VOYAGE HIGHLIGHTS

Mombasa, Kenya

Equally known for its miles of white-sand beaches and well-protected game reserves, this eastern Kenyan city hugs the Indian Ocean, making it the ideal destination for both surf and safari*. Touched by centuries of colonization, Mombasa's skyline is a collection of UNESCO designated Portuguese, Arab, and English architecture interspersed with modern hotels.

Tahiti, French Polynesia

Brilliant blue lagoons, proud jagged peaks, coconut groves and a hint of gardenia in the air. Everything you've ever imagined about this island is true. An enchanting place, to say the least, it's little wonder Tahiti is a muse to so many.

Rio de Janeiro, Brazil

The famous Cristo Redentor (Christ the Redeemer) statue can be seen from most districts in Rio de Janeiro and is said to protect the city with its wide, open arms. An impressive 30 metres tall, the statue sits atop the Corcovado Mountain and is listed as one of the New Seven Wonders of the World.

THE ONLY WAY IS Onward!

Jane
ARCHER

Jane Archer is one of the UK's leading cruise journalists and cruise expert for the *Daily Telegraph*. She has been sharing her experiences with *Blue Horizons'* readers for the past 14 years.

How AzAmazing! We've just woken up to find our ship has docked in La Joliette, right in the heart of Marseille. Across the road from the port is the historic Le Panier region and huge Cathedral La Major, out and to the right is the Vieux (Old) Port. We can't wait to get out and start exploring.

In case the opening words didn't give it away, I am cruising with Azamara. Specifically on a pre-inaugural sailing of the new *Azamara Onward* that started in Barcelona and is ending in Monaco, where the ship will be named.

"We have been waiting so long for this moment," Captain Carl tells me. Well actually not that long because Azamara's been on something of a whirlwind journey lately. Part of Royal Caribbean Group when Covid struck, it was acquired in January 2021 by an American company called Sycamore Partners that bought the line one day and a new ship the next!

Just a few months on, work was underway to turn the vessel, a sister to Azamara's other three ships that had been sailing as Princess Cruises' *Pacific Princess*, into *Azamara Onward*. And before you know it, here she is, looking fabulous in her new colours and sporting all Azamara's favourite venues.

Porto Venere

Monaco

My husband and I were on Azamara's first cruise after the pandemic – a seven-night jaunt around the Greek Isles last August on *Azamara Quest* – and we felt we had come home. There's Window's Cafe, the Den piano bar, Sanctum spa, the Discoveries Restaurant, Aqualina's Mediterranean-style dining, steaks in Prime C, even the yummy duck cassoulet I had last year in Prime C (the steaks are great but there was no contest, I just had to have it again!).

But hang on, this is different. Where her sisters have a large library, *Azamara Onward* has the Atlas Bar, a new watering hole serving exotic cocktails (Date of Cairo or St. Tropez anyone?) and hot and cold light bites such as beef tartare and mushroom arancini.

There's also a new Chef's Table experience in Aqualina. Seven courses themed around the places you'll be visiting, which is very much in keeping with Azamara's destination focus, which will definitely not be changing, Carol Cabezas, the company's president, assures me.

Which brings me neatly back to Marseille, where we wander around to the Vieux Port and hop on a 'petit train' to Notre Dame de la Garde, a spectacular church perched high above the city. The train takes us around the coast and up the impossibly steep hills to the top, from where there are stunning views over the harbour and over to Chateau d'If, a former prison and home of Alexandre Dumas' fictional Count of Monte Cristo.

We loved Marseille's buzz and blend of old and modern architecture, but it is not as beautiful as our next stop, Porto Venere. This is Portofino on speed, with coloured houses, narrow streets, cobbled alleyways and a picture at every corner. Azamara has organised an AzAmazing Day for us, with local nibbles at the harbour, and opera singers and live bands playing in the castle battlements and town square. It's a brilliant take on the AzAmazing Evenings that are restarting in the autumn.

Last stop is the land of the rich and famous, aka Monaco, where Azamara ties up among the floating gin palaces in the harbour and we explore a network of lifts, escalators and tunnels that take you to the old town and pretty Fontvieille district to the west of the palace. Come evening we take our seat quayside for the gala christening. There are singers, violinists, aerial acrobats and a big bottle of Champagne that right, on cue smashes, against the ship's hull. It's official. *Azamara Onward* has a name.

Expeditions & Eclipse

AN EXCLUSIVE Q&A WITH JASON

ROL Cruise had the privilege to ask Jason Flesher, Expedition Operations Manager on board *Scenic Eclipse*, a few questions about his time on board The World's First Discovery Yachts!

You've been involved with *Scenic Eclipse* since she was built – tell us what its like to see a ship come to life! I've been a sailor since I was 19 when I joined the U.S. Navy, and I can tell you that there are only two ships I have a deep connection with, the aircraft carrier that I served on for over three years and *Scenic Eclipse*. There is nothing like the experience of sailing a ship out of the shipyards where she was built and have the honour of being the first Discovery Leader on board to set the precedent. Yet to see her in the environment she was built for in the Polar Regions – that's when you really see her and the crew come alive.

What is your favourite feature on board *Scenic Eclipse*?

Simple, she was built for discovery and how we pioneered the new way of expedition cruising with her technologies, having all the Zodiacs in a garage rather than craning from an upper out deck, her Dynamic Positioning was also a game changer for our Discovery Operations. So many advances that we have years of experiences learning and delivering in, where all the other operators with their new ships will take years to hone their operations.

The technology on board *Scenic Eclipse* is fast becoming legendary, from the customised stabilisers to the GPS dynamic positioning. How have these innovations enhanced the experience of expedition cruising?

We have a A1 Polar Class 6 ice hull which allows us to go through first year sea ice. It allows us to safely pass through ice fields and sea ice without having to either go around or cancel a landing because we cannot get through. But keep in mind that we would not

be able to pass through if it is over first year sea ice.

Scenic Eclipse is the only expedition ship with an on board submarine and helicopter. Have you experienced these marvels for yourself, if so, have you had any stand out experiences?

I personally have experienced both the Heli and Sub. Prior to every Heli operation we have to do reconnaissance flights to scout a flight path and make sure we are not encroaching on any bird cliffs or other wildlife as well as making sure we stay at least 5 miles from any other ship so as not to disturb their experience. So we always have a Discovery team member to assist with these assessments and many times I was the scout on these flights. As for the Sub, I have also dove on many test dives and also had the honour of being on the very first commercial sub dive in South Georgia Island.

Zodiacs tours are a crucial part of expedition cruising, taking you close to wildlife and the incredible scenery. Have you had any memorable experiences whilst out exploring in a Zodiac?

There are too many incredible experiences, but one that I will never forget was sitting for almost two hours watching a pod of Orcas teaching their young how to hunt penguins and seals. Everything just unfolding right in front of us.

What is your all-time favourite experience on *Scenic Eclipse* to date?

We have a culture on board *Eclipse* that we have one team/one family and we really pride ourselves on this. Working with such an incredible crew from all the departments is like no other ship I have been on. We collaborate, we support and assist each

other whenever without question and they support and assist the Discovery team just as equally. But most rewarding is the friendships and bonds that are made across all the departments and knowing we are in it together, providing the same level of experience for the guests and each other. A true sense of a single team and family.

Scenic have one of the largest expedition teams at sea – how will this benefit guests looking to make the most of their time on board and ashore?

We are the only Expedition ship that can offer our guests the ability to experience their destination from the air in one of our two Scenic Helicopters; on the water by Zodiacs, kayaks and paddleboards; under the water on board our Scenic Neptune Submarine; or on shore. This is all whilst being guided by the *Scenic Eclipse* Discovery Team who will keep our guests safe, provide in-depth enriching lectures and give them the greatest enriching and interpretive experience on board and onshore.

Are there any destinations you are looking forward to experiencing with *Scenic Eclipse*?

The world! Every corner has its incredible landscapes, cultures and adventures to be had.

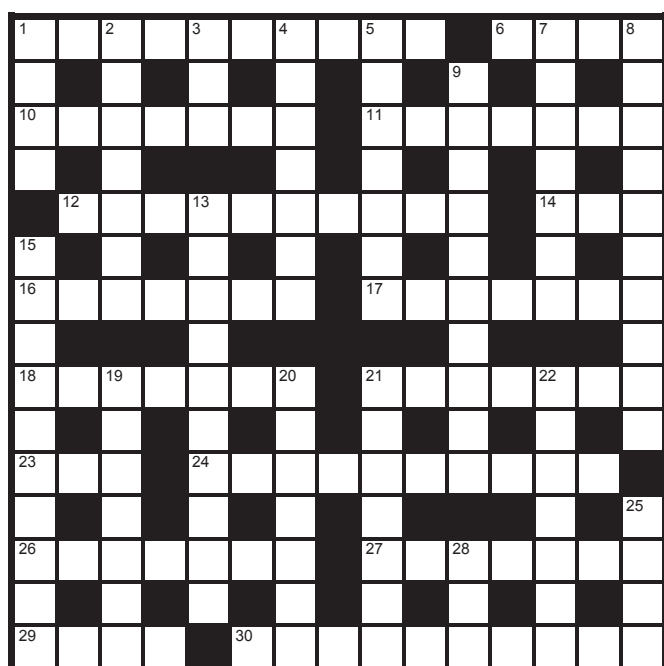

Thank you so much Jason for taking the time to give us this incredible insight into *Scenic Eclipse*.

STAFF STORIES...

Here, we interview ROL Cruise team member Olivia who was recently lucky enough to experience *Rocky Mountaineer*...

Hi Olivia! You were recently lucky enough to travel aboard *Rocky Mountaineer*. How did it feel to board such an iconic train?

It's difficult to put into words how it feels to step aboard Rocky Mountaineer for the first time. It's a real feast for the senses and I felt compelled to take everything in; the sights, the sounds, the smells. When the wheels start to move and the landscape begins to change, it's a very special feeling!

Rocky Mountaineer is renowned for its high level of service. What were the crew like?

Rocky Mountaineer's reputation for great service certainly exceeds itself, our Hosts Mike, Neal and Sabina were superb! Mike was the head Host and his knowledge of the areas we journeyed through was astounding. His personal stories and anecdotes really added to the overall experience, too. I must say, every Rocky Mountaineer representative I met during my trip was fantastic. They offer a personalised service that truly goes beyond.

You travelled in SilverLeaf Service, how was it?

The glass-dome coaches give you a panoramic view of your surroundings, allowing you to take everything in - and there's a lot to take in! The food was delicious and the service was even better. My favourite part of SilverLeaf, though, was the viewing platform at the back of the coach.

Lastly, what was the most memorable part of your experience?

I don't think I could pick just one moment. I really enjoyed our visit to Arches National Park in Moab, it was unlike anything I've experienced before.

Want to experience Rocky Mountaineer for yourself? Turn to pages 28-29 to find out more!

YOUR ONCE-IN-A-LIFETIME EXPERIENCES

MARVEL AT THE MAGICAL SNOW MONKEYS OF JAPAN

The Japanese macaque, better known as the Snow Monkey are named so because they live in areas where snow covers the ground for many months each year and can be distinguished by their red faces, brown-grey fur and short tails. During your tour, you'll spend time at the Jigokudani Monkey Park, home to the famous Snow Monkeys. Here you'll have the incredible opportunity to see wild monkeys bathing in a natural hot spring, known in Japan as an onsen. Accustomed to humans, the monkeys can be observed from very close quarters but as a highly protected species there are strict rules in place meaning you mustn't touch them – but you can watch! Marvel as large families of monkeys relax in the warm water – watching how they interact can be highly entertaining.

Being the tallest mountain in Japan, the views against a brilliant blue sky when the sun crests near the peak and shimmers like a gem. Situated on the mountain are the many hot springs that are heated by the volcano. For those wishing to fully immerse themselves in Japanese culture, Mount Fuji is a sacred mountain surrounded by temples and shrines as the mountain has become an important pilgrimage to many.

17 NIGHTS DEPARTING 27TH JUNE 2023

JUNE 2023

- Tue 27 Fly from London to Reykjavik, Iceland*** Upon arrival, transfer to a 4★ hotel for your two night stay*
- Wed 28 Reykjavik, Iceland**
Reykjavik is the northernmost capital city in the world. The name means 'Smokey Bay', so called because of the columns of steam that rise from the many hot springs in the area. It is well worth exploring the surrounding geysers, mountains, glaciers and geothermal baths
- Thu 29 Reykjavik, Iceland**
After breakfast, transfer to the port and embark *MS Fridtjof Nansen* for your 15 night voyage to the Heart of Greenland
- Fri 30 Crossing the Denmark Strait**
Leave Iceland behind and sail across the Irminger Sea. This is the same crossing that was used by the Vikings to migrate from Iceland to Greenland some 1,000 years ago. Enjoy introductory lectures on local history and biology for insights into the upcoming destinations

JULY 2023

- Sat 1 Crossing the Denmark Strait**
- Sun 2 Qaqortoq, Greenland**
Many consider Qaqortoq one of the most beautiful towns in Greenland for its colourful houses and photogenic setting. It is the biggest town in South Greenland, with some 3,000 inhabitants, but still easy to explore on foot. You can also join an excursion* to get even more insight into local culture
- Mon 3 Kvanefjord, Greenland**
Discover the beautiful region of Paamiut by sailing deep into Kvanefjord. Your experienced captain and Expedition Leader will take advantage of the current weather and ice conditions to identify suitable activities for the day. This could be a hike ashore for a scenic view of the area, or possibly small-boat cruising or kayaking

- Tue 4 Maniitsoq, Greenland**
Maniitsoq was founded in 1755 and its name means 'The Uneven Place', referring to the rocky hills and mountains shaping the layout of the town. It is also known as the 'Venice of Greenland' as it is situated in an archipelago, intersected by natural canals. The local museum charts the town's rich history and culture
- Wed 5 Sisimiut, Greenland**
Sisimiut is situated 40km north of the Arctic Circle and is a modern settlement that maintains ancient traditions. Come ashore to explore the colourful town; visit the small museum, hike in the hills and shop for local handicrafts
- Thu 6 Ilulissat, Greenland**
Ilulissat is set in the stunning scenery of the Ilulissat Icefjord, a UNESCO World Heritage Site. Just outside the town, at the mouth of the fjord, you can often see enormous icebergs that have run aground. They originate from the Jakobshavn Glacier, one of the most productive glaciers in the Northern Hemisphere. The icebergs make their way down the 20km fjord before entering Disko Bay
- Fri 7 Vaigat Sound**
Arrive at the northernmost point in your itinerary. There are several excellent landing sites in Vaigat Sound offering breathtaking landscape and Arctic flora
- Sat 8 Evighed Fjord**
On one side of the meandering Evighed Fjord is an ice cap that often crashes massive chunks of ice into the water. Find yourself surrounded by the highest mountains in West Greenland with peaks, up to 2,000 m (6,600 ft.) in height, sometimes swirling with mist
- Sun 9 Nuuk, Greenland**
Nuuk is situated at the mouth of one of the most spectacular fjord systems in the world. The capital city is where old and new traditions meet, from historic buildings in 'Kolonihavnen' to the modern Centre for Greenland Self Rule. Another feature is the National Museum – home to the famous mummies of Qilakitsoq

- Mon 10 Ivittuut, Greenland**
According to archaeologists, Vikings settled in this area more than a thousand years ago but didn't remain. Ivittuut is believed to be the last Norse settlement in Greenland, but first to be abandoned. Nowadays, the only inhabitants that might appear in the town are wandering musk-oxen
- Tue 11 Cruising Prins Christian Sund**
This long fjord is surrounded by mountains. Many glaciers go straight into its waters where they calve icebergs of all shapes, shades, and sizes. If the channel is blocked with ice, you will sail around Nunap Isua (Cape Farewell) instead
- Wed 12 - Cruising the Irminger Sea**
- Thu 13** Spend the days at sea recapping your experiences, having fun in the Science Center or just relaxing on deck, looking at the sea birds which follow the ship or maybe even spotting whales
- Fri 14 Reykjavik, Iceland**
Disembark and transfer to the airport for your flight to London*

YOUR VOYAGE HIGHLIGHTS

SPECTACULAR LANDSCAPES

The landscapes of Antarctica stretch as far as the eye can see – a beautiful realm preserved by pristine snow and ice, filled with ancient glaciers and blue-hued ice bergs. This is another world, devoid of human influence.

WILDLIFE IN THE ANTARCTIC

The region's spectacular wildlife rely on the Southern Ocean to provide the food on which they flourish. Immense numbers of creatures surround the rocky coast and ice floes, providing passing cruise ships with a living gallery of the natural fauna of this wonderful and little-experienced treasure.

FALKLAND ISLANDS

If you imagine the Falkland Islands to be insignificant specks of land fought over in a well-publicised war, think again. The land mass is huge – some 4,700 square miles, yet with a tiny permanent population of just under 3,000 people.
