Airport Hotels & Parking

There are three main parking options you can choose from when pre-booking your Airport Parking:

Secure airport parking

You can park your car at the airport or close to the airport depending on your budget. All airport car parks include transfers to the airport and then back to your car park.

Meet and greet airport parking

Simply drive to the terminal, meet your driver, let them park your car for you, and the driver will drop your car back at the terminal ready for your return.

Airport hotels with parking

Airport hotels with parking deals are the most convenient package and a money-saver too. Have a leisurely journey the day before your flight and enjoy a good night's sleep, a decent breakfast and a relaxed, comfortable start to your holiday.

Whichever option is right for you, here at ROL Cruise we are able to book this service for you. Call **0800 121 6191** for further information

Airport Lounges

Relax in the tranquillity of a private airport lounge, away from the noise of the busy public departure area.

Find the perfect place to enjoy peace and quiet before your flight, and escape any airport stress with a newspaper or magazine. A lounge pass will offer you the perfect start to your holiday, with facilities to ensure you board your flight relaxed and refreshed.

Benefits of an airport lounge:

- Offers a secluded getaway from the crowded terminal
- Enjoy a selection of complimentary drinks and snacks – by the time you've bought food, drinks, newspapers and magazines in the terminal, it could well add up to the amount you pay per person to enter a lounge

To find the perfect lounge for you call ROL Cruise on **0800 121 6191**
