Where to see the Solar Eclipse?

WHERE WILL YOU BE ON AUGUST 12, 2026?

The path of totality for the 2026 eclipse will begin in Northeast Greenland and cross the western parts of Iceland, before ending in Portugal and Spain. While a partial eclipse will be visible over large parts of Europe, North America, and Africa, only within the narrow path of totality can observers experience the whole spectacle of the eclipse.

Solar Eclipse: Why You Can't Miss It

A total solar eclipse is a once-in-a-lifetime spectacle. As the Moon fully blocks the sun during totality, the sun's outer layer, known as the corona, becomes visible in a stunning, ethereal display. The sky quickly darkens, stars and planets become visible, and temperatures drop, creating an almost otherworldly atmosphere. This extraordinary moment stands in stark contrast to a partial eclipse, where only part of the sun is covered, lacking the same dramatic transformation. Total solar eclipses are incredibly rare for any one location. Although they happen somewhere on Earth about every 18 months, the path of totality, a narrow strip just 60 to 100 miles wide, means a specific spot may only see one every 360 to 410 years.

The Entertainment Hosts will also organise traditional deck game tournaments like quoits, skittles, pickleball, deck tennis and shuffleboard.

LEARNING SOMETHING NEW

With many guests liking to use their sea days or longer voyages to try their hand at something they haven't done before, Fred. Olsen host sociable activities such as learning to play the ukulele or singing in a choir. Alternatively, you can refine your craft skills, practice your watercolours and learn some photography techniques in the new Olsen Art Studio (Bolette and Borealis only).

SPA & BEAUTY TREATMENTS**

Each ship has a relaxing spa where you can enjoy everything from soothing massages, manicures and pedicures to hair treatments and styling in the salons. This is also where you will find the well-equipped Fitness Centre and can join in with yoga, stretch and personal training sessions while savouring spectacular ocean views. What's more, on **Bolette** and **Borealis** you can also book the private Thermal Suite for an extra special treat.

SPECIALITY DINING**

Dining is a high point of every Fred. Olsen cruise, so why not make your dining experience even more special with an evening in one of the exclusive speciality dining restaurants on board? Whether you're celebrating a special evening or simply in the mood to try something new and exciting, Fred. Olsen's speciality dining – available for a small supplement – is the perfect way to mark the occasion.

Experience a taste of Asia at Colours & Tastes, where you can find exceptional signature dishes from Japan, Thailand, China and the Philippines. Or delve into the warmth of Goa at Vasco, which offers a taste of India in an intimate setting, with each dish created from scratch (Vasco only on Bolette and Borealis)
