As well as your monthly magazine *Blue Horizons*, did you know that you could also receive a selection of exclusive ROL Cruise brochures right to your doorstep? Here are just some of our bestselling brochures from the last month...

If you missed out on these brochures or want to find out what else you could be receiving, please call one of our friendly Cruise Specialists.

5★ SERVICE WITH ROL CRUISE

'BEST TRAVEL AGENCY OUT THERE'

As always, the service that I received from ROL Cruise was excellent. The staff are so good at what they do, friendly, knowledgeable and helpful. I would recommend ROL to anyone thinking of booking a holiday.

'EASIEST AND FRIENDLIEST WAY TO BOOK A CRUISE HOLIDAY'

When I talk to ROL, it is more like talking to a friend than a sales person. I have used them many times and it feels like we have a personal relationship. They know what I want to do and always have all the information I need. I already recommend them to my friends and will continue to do so.

'EXCELLENT AS EVER'

Thank you for being there as a "real person" on the phone. Excellent, efficient and professional. I always receive a top quality service from ROL.

'KNOWLEDGEABLE, EFFICIENT AND FRIENDLY. A 5★ SERVICE'

Even though we have had two cruises cancelled, ROL staff arranged a replacement cruise of our choice next year. ROL Cruise consultants are both knowledgeable and friendly, and I have always found dealing with them a pleasure. Quite frankly, I wouldn't go anywhere else!

HELLO AND WELCOME TO THE JUNE 2021 EDITION OF BLUE HORIZONS

Jeremy Dickinson,
Chairman of ROL Cruise

Every day we come closer to normality, and with certain countries welcoming travellers again, it's a step in the right direction. We all deserve that long awaited holiday, but with so many options available it can be hard to decide what that holiday will be! In this edition of *Blue Horizons* we've gathered the most popular, bestselling and exclusive offers to help narrow down that choice; from Signature Experiences handcrafted by the experts here at ROL Cruise, to bestselling launch promotions from our Cruise Line Partners.

On pages 04-07 you'll find P&O Cruises' Bestselling 2022 Launch Promotion. From a Grand Voyage of South America to no-fly voyages of the Caribbean, cabins have sold in record time. But don't worry, there's still time to book your place, and with exclusive benefits, only available when booking with ROL Cruise, there's no time like the present!

For something a little different, we are delighted to present your chance to explore the Galápagos Islands on board *Celebrity Flora*® - the first ship of its kind to be designed and built specifically with the destination in mind. Be joined by highly qualified naturalist guides as *Celebrity* take you on an unforgettable exploration where an abundance of unique wildlife await. Turn to pages 30-31 to join this once-in-a-lifetime experience, and book by the end of this month to receive exclusive additional savings, only when booking with ROL Cruise!

Although considered taboo to mention Christmas in June, we cannot help but share an incredible selection of festive cruises, where you can sit back and relax whilst someone else takes care of the Turkey! Find them on pages 14-15, the only question is, where would you like to wake up on Christmas morning?

Happy Cruising!

ABU DHABI, UAE

Abu Dhabi is the culturally rich capital of the United Arab Emirates. A desert oasis once known for its pearling trade and inhabited by nomadic Bedouins, the area grew rapidly after oil was discovered in the late 1950s. With one foot in the past and one eye on the future, it makes for a unique and exciting place for the discerning traveller to discover.

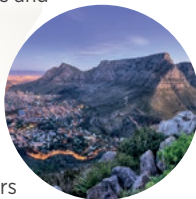

HONG KONG, CHINA

Hong Kong is amongst the most exciting cities in the world, offering an absolute wealth of things to see and do. From the exceptional views across its famous harbour to the sizzling dishes in its glamorous restaurants, you're sure to fall in love with Hong Kong.

CAPE TOWN, SOUTH AFRICA

Situated in the foothills of the 3,000 feet high flat-topped Table Mountain, Cape Town is overwhelming in its natural beauty. Its Mediterranean climate, extensive coastline and rugged mountain ranges make it one of the best places in the world to visit. Ride a cable car to the top of Table Mountain, sample fine wines at Stellenbosch, or simply while away the hours at Victoria & Alfred Waterfront.

SYDNEY, AUSTRALIA

As the ship glides towards the port, the view of the Sydney cityscape in the distance is enough to take your breath away. Attracting visitors with its iconic harbour, glorious beaches and the stunning Blue Mountains to the west, Sydney hosts nearly half of all international visits to Australia.

Saga now provide flexible cancellation cover should you need to cancel due to coronavirus medical conditions prior to departure. A BALCONY FOR EVERY GUEST

It's one of the most distinctive feature: every cabin has a balcony, including single cabins, giving you your own outside space. So whether you're cruising the Mediterranean or discovering the wonders of the Emerald Isle, you have your own place to relax, enjoy the views and fresh air, and watch the sun set as you head to another incredible destination.

SUMPTUOUS SINGLE CABINS

Solo cruisers are also spoilt for choice, with a range of over 100 single balcony cabins. This is a first for the cruising industry: no other ship has dedicated such space to single cruise-goers. In keeping with the ship's theme of choice, single cabins are available in a wide selection of grades, giving solo travellers just as much choice.

CRUISING OUR WAY TO A MORE *Sustainable* **FUTURE**

Environmental sustainability is at the forefront of conversations around our world, and many are concerned with safeguarding the planet that we live on. We are all responsible for lessening our impact on the environment and the cruise industry is part of this incredible global effort. Here are some of the ways your favourite cruise lines are helping us towards a more sustainable future...

Fuelling the future

Green technologies are being incorporated into newly built ships, meaning that the new generation of ships powered by liquefied natural gas (LNG) will eliminate sulphur emissions, slash nitrogen oxides by 85%, cut fine particles by between 95%-100% and reduce greenhouse gas emissions. Currently, there are just two cruise ships powered by LNG, P&O Cruises' *Iona* and AIDA Cruises' *AIDAnova*, but with a further 26 on order, including P&O's *Arvia* and Royal Caribbean's Icon-class ships, the cruise industry is well on its way to fuelling the future sustainably.

Expedition cruise line Hurtigruten is also setting a new industry standard by building the world's first hybrid-electric powered expedition cruise ships. These revolutionary ships are packed with green technology and will be the backbone of the greenest and most advanced fleet of expedition ships the travel industry has ever seen.

Single-use plastics and recycling

Many cruise lines have opted to eliminate or reduce single-use plastics on board and today's cruise ships recycle 60% more waste per person than the average person at home. Hurtigruten was the first major travel company to remove single-use plastic from all of their ships, restaurants and hotels. This paved the way for other cruise lines to follow suit with the likes of Royal Caribbean, Cunard, Oceania Cruises® and Regent Seven Seas Cruises® removing or reducing single-use plastics on board.

Other ways of living more sustainably are being undertaken too - Costa Cruises has donated more than 150,000 portions of leftover food to charity, and Carnival Cruise Line collects almost 40 tons of discarded soap a year from its ships, to be recycled into brand new bars for communities in need across the globe.

Energy efficiency

Spending a few weeks sailing the seas on a luxury liner is an idea that appeals to a growing number of people, but as we know, cruise ships do not simply sail from port to port. Using a great deal of energy for heating, electricity, air conditioning and various other aspects of life on board, many cruise lines are looking at ways they can be more energy efficient and help to develop future climate solutions. Here are just some of the ways the cruise industry is becoming more energy efficient:

- ✓ Air lubrication systems for ship hulls to reduce drag and fuel consumption for greater efficiency.
- ✓ Energy-efficient engines that consume less fuel and reduce emissions.
- ✓ Shore-side power capability that allows ships to "plug in" when available at ports of call for overall emission reduction.
- ✓ Special paint coatings for ship hulls that reduce fuel consumption by up to 5%.
- ✓ Installation of tinted windows, higher efficiency appliances and HVAC systems and windows that capture and recycle heat.
- ✓ Optimised itineraries affecting speed, routes and distances travelled to significantly reduce fuel consumption.
- ✓ LED lighting which lasts 25 times longer and uses 80% less energy.

CLIA (Cruise Lines International Association) has also recently announced its initiative to reduce the rate of carbon emissions globally in the cruise industry by 40% by 2030. This means we can expect more breakthroughs and technological advancements as we cruise our way to a more sustainable future.

HERE ARE TEN WAYS THAT YOU CAN BE GREEN AT SEA...

- 1** Bring your own refillable water bottle and a reusable shopping bag for on-shore shopping.
- 2** Keep the same towels and bed linen for as long as possible.
- 3** Put unused cabin notices, newspapers and other literature in recycling bins.
- 4** Take eco-tours such as walking, cycling and active excursions instead of coaches.
- 5** If you can, use the stairs rather than the lift.
- 6** Participate in on board lectures, which include such green topics as marine life and the environment.
- 7** Keep Balcony doors closed where possible to conserve energy.
- 8** Forgo a paper bill in favour of viewing your account from in-cabin TVs, on board kiosks or via mobile apps that can be downloaded.
- 9** Use reef-friendly sunscreen. Many ingredients in traditional sunscreen have been found to cause damage to reefs and other ocean life.
- 10** Respect the environment and indigenous cultures visited during shore excursions.

The impressive Temple of Hathor at Dendera was dedicated to the goddess of love and beauty. The temple dates to Egypt’s Ptolemaic era, when the heirs of Alexander the Great ruled over Egypt and adopted Egyptian culture and religion as their own. Here you will enjoy a tour before returning to Luxor for some time at leisure before visiting the ancient Temple of Luxor. The Temple of Luxor stands on the site of ancient Thebes, the once flourishing capital of Egypt’s New Kingdom. It was built over hundreds of years and even in ruins it is still an extraordinary place (B, L, D)
- ★ **Featured Excursion³: Temple of Hathor & Temple of Luxor**
- Day 5 **Luxor – Cruising the Nile River – Kom Ombo, Egypt**
The word “colossal” will take on a whole new meaning after today’s excursion to the gigantic twin statues known as the Colossi of Memnon. And that’s just the beginning – you’ll also visit the temple of one of Egypt’s rare female pharaohs as well as the Valley of the Kings, used as a royal burial place for nearly 500 years and where the mummified remains of Tutankhamen are on display (B, L, D)
- ★ **Featured Excursion³: Colossi of Memnon, Hatshepsut Temple & Valley of the Kings**

- ★ **Featured Excursion³: Kom Ombo Temple & bird watching boat ride and tea with a Nubian family**

- Day 7 **Aswan, Egypt**
Today is an epic day, filled with wonders from start to finish. You’ll visit a marvel of modern engineering – the Aswan High Dam – as well as the Unfinished Obelisk and the beautiful Philae Temple complex, which was moved from one island to another back in the 1970s. But wait, there’s more. You’ll also take a ride in a felucca – a traditional Egyptian sailboat – and enjoy afternoon tea at a famous hotel depicted in Agatha Christie’s novel ‘Death on the Nile’. After dinner on board this evening, you’ll be treated to an enchanting Nubian show featuring traditionally attired performers, live music and dancing (B, L, D)
- ★ **Featured Excursion³: Aswan High Dam, Unfinished Obelisk & Temple of Isis**

Daphne Island, Galápagos (pm)
Daphne is a satellite volcanic cone located north of Santa Cruz Island. The crater floor is an important breeding site for blue-footed boobies. The cliff shore of the island is home to sea lions, pelicans, blue-footed boobies, and tropical birds which can be observed during the circumnavigation of the island
- Day 4 **Gardner Bay (Española), Galápagos (am)**
The beach at Gardner Bay, with its sparkling white sand, offers one of the best places to relax and swim in the Galápagos. It's home to one of the most important colonies of sea lions in the archipelago, and is also a nesting site for sea turtles. Three species of Darwin's finches and Española mockingbirds may also be seen here
Punta Suarez, Galápagos (pm)
At Suarez Point, be greeted by a colony of sea lions upon arrival. This area is also home to nearly the entire world population of waved albatross – though they're graceful in the air, their clumsy behaviour on land is a sight to see. A cliffside hike leads to a natural lava fissure that spews water like a towering geyser
- Day 5 **Cormorant Point, Floreana Island (am)**
It's small brackish lagoon is often home to flamingos, stilts, and white-cheeked pintail ducks, and one of its beaches is a highly used nesting site for sea turtles. Check out the green-hued sand where you land
Post Office Bay, Floreana Island (pm)
Rich in history, this site is home to the post office barrel established in about 1793, where pirates, buccaneers, whalers and others could leave their mail to be picked up by outbound ships. The tradition continues today, as visitors leave addressed postcards in the barrel and sort through left mail to deliver at home
- Day 6 **Punta Moreno, Isabela Island (am)**
Along this beautiful rocky shore, a field of hardened black lava flows is pockmarked by shallow pools, which are home to shorebirds and flamingos. The mangrove-lined shore also provides a chance to see marine iguanas, sea turtles, stingrays, sharks, penguins, and the flightless cormorant
Urvina Bay, Isabela Island (pm)
Here you will see large land iguanas, finches, and if lucky, a giant tortoise or two. In 1954, the intrusion of magma below one of the island's volcanoes caused part of the bay to be uplifted some 6 metres, and today you can walk through the remains of what was once a thriving underwater reef
- Day 7 **Espinosa Point, Fernandina Island (am)**
Vicente Roca Point, Isabela Island (pm)
The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters and wildlife create a zodiac ride to remember as you search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish
- Day 8 **South Plaza, Santa Cruz Island (am)**
Dragon Hill, Santa Cruz Island (pm)
Dragon Hill, or "Cerro Dragon" is named after its population of land iguanas. The site offers a beautiful view of the landscape and two small brackish lagoons where flamingos and other shorebirds occasionally feed. Along the trail, we'll cross a beautiful "white not forest" of Palo Santo (incense) trees and Galápagos cotton plants

- Day 9 **Puerto Ayora, Santa Cruz Island**
This is the main population centre of the islands, and home to the National Park Service tortoise-breeding centre and the Charles Darwin Research Station. You will be able to visit the tortoise-breeding centre and walk through the Charles Darwin Research Station

MYSTICAL EASTER ISLAND

Just south of the Tropic of Capricorn, Easter Island lies 3,790 kilometres to the west of Chile. Extraordinarily remote, this island was first inhabited by Polynesians who are believed to have arrived by sea about 1,200 years ago. The island is 24 km long, with three extinct volcanic craters, and half of the area is a National Park. The island is best known as the site of more than 600 stone statues, or Moai, which stand up to nine metres in height. The statues were carved in the spectacular Rano Raraku quarry and were then believed to have been transported on wooden rollers. It is thought that the last statues were erected around 500 years ago, when the supply of trees for rollers ran out. Today the island has a population of around 5,800, mainly of Polynesian origin, and the main economic activities are cattle farming, fishing and tourism.

NATIONAL PARK**

As one of the best places to see wild elephants, a game drive within Minneriya National Park will surely be a highlight of your incredible wildlife-rich holiday. Home to over 200 elephants, you can expect to see these majestic animals come to feed and bathe during what is known as 'the Gathering'.

KOSGODA TURTLE HATCHERY

Established in 1981, the Kosgoda Turtle Hatchery is one of 18 turtle hatcheries to be found along the southern coast of Sri Lanka. All five species of turtles visit this area nest in Kosgoda, including the Hawksbill turtle, Green turtle, Loggerhead turtle and Olive Ridley turtle. The centre functions mainly as a hatchery to increase the survival rate of baby turtles. However the care centre also treats injured adults and releases them back into the ocean.

**UDAWALAWA ELEPHANT
TRANSIT HOME**

Supported by the Born Free Foundation, this is a halfway house for orphaned elephant calves. After rehabilitation, the baby elephants are released back into the wild so that they can re-integrate with wild herds, many into the Udawalawa National Park. Over 100 elephants have been rehabilitated at the Elephant Transit Home and subsequently released into the wild.

YOUR EXPEDITION VOYAGE HIGHLIGHTS

★ ANTARCTICA – THE WORLD’S LAST FRONTIER ★

Holland America Line travel along a route that includes the Antarctic regions of the Palmer Archipelago, the Danco Coast and Antarctic Sound.

Located at the end of the Antarctic Peninsula, the Palmer Archipelago is one of the most accessible parts of the continent. Being an archipelago, it's made up of 52 ice-covered islands that are separated from the Antarctic Peninsula by the Gerlache Strait.

Opportunities abound for viewing icebergs, and the Antarctic Sound is one of the best places to view the fascinating activities of the gentoo penguin. The third-largest of its species, the gentoo can grow up to 30 inches in height and weigh up to 12 pounds.

★ CHILEAN FJORDS ★

Lined with rugged mountains and glacier-covered valleys, the Chilean Fjords are unlike any other fjord system in the world. Home to many of Chile's national parks, early Spanish explorers came here in search of the mythical City of the Caesars, believed to be rich in gold and diamonds.

- Day 3 **Buenos Aires, Argentina**
Spend today exploring at your leisure. A melting pot of European and South American cultures, Buenos Aires is the confident capital of Argentina. Beside the busy port is a metropolis boasting eclectic architecture, delicious parrilla-based cuisine and passionate Porteños. It is the birthplace of Pope Francis and Diego Maradona, resting place of Evita and home of the smouldering tango

- Day 9 **Puerto Madryn, Argentina**
- Day 11 **Stanley, Falkland Islands**
The world's southernmost capital, Stanley is proud of its British heritage, evidenced everywhere from its red telephone boxes to its pubs. During the early years of their colonization, the Falklands were used as a base for ships hunting sperm whales for oil, followed by those hunting seals for fur
- Day 13 - **★ Antarctic Experience ★**
- Day 16 On your Antarctic Expedition you will sail through the bays and islands of the Palmer Archipelago, off the northern tip of the long Antarctic Peninsula, which reaches out toward South America. Encircled in a landscape of snow and ice in every direction, your ship will slowly navigate the iceberg-dotted waters. The surroundings are hauntingly quiet as well, an aspect of the continent that comes as a surprise to many first-time visitors. Along the way, the ship's naturalists will point out the birds – terns, petrels, and gulls – found on the coast and on small islets at stops like Dallmann Bay. As you pass dark, rocky Cuverville Island, you'll see some of the 6,500 pairs of gentoo penguins that make their home there, the largest known colony in the world. Continuing on to Paradise Harbor, where you'll have a chance to observe not only gentoo and chinstrap penguins

Please note, Antarctica days are scenic cruising only. 5★ relates to cruise element only. Holland America Line, Reader Offers Limited Package Holiday booking conditions apply. Please see back page for full terms and conditions.

SAIL IN THE WAKE OF GREAT EXPLORERS

Be among the few to sail in the wake of great explorers on as you embark on a journey through the legendary Northwest Passage. Experience the raw and daunting beauty of wild terrain on a rarely travelled voyage, where even today, few ships have the capability to navigate this isolated sea passage that cuts through stunning Arctic landscape.

★ **Ulukhaktok** – Many in the 500-strong community are involved in the local artists co-op, producing prints, tapestries, and other crafts. This is also the location of the world's northernmost golf course which plays host a tournament each summer.

★ **Cambridge Bay** – Located on Victoria Island, this is the largest stop for vessels traversing the Northwest Passage. It is also called 'Iqaluktuuttiaq', or 'A Good Fishing Place' due to the Ekalluk River which attracts giant char, muskoxen, and caribou.

★ **Gjøa Haven** – Norwegian explorer Roald Amundsen wintered at this hamlet in 1903 on his

Gjøa expedition. There is an informative walking tour, Heritage Centre, and Hamlet Centre dedicated to the history and culture of the area.

★ **Fort Ross** – An abandoned Hudson's Bay Trading post located at the southern end of Somerset Island. The storehouse here is still used as a shelter by occasional travellers, with bunk beds and shelves of canned goods.

★ **Beechey Island** – This is the final resting place for three members of the lost Franklin expedition which sailed into the Northwest Passage in 1845 but never returned. It is customary for explorers to stop and pay their respects, as did Roald Amundsen in 1903.

★ **Devon Island** – Welcome to the largest uninhabited island on Earth. The only signs of human life are at the long-abandoned settlement of Dundas Harbour along with several archaeological sites from the Thule period.

★ **Pond Inlet** – Picturesque Pond Inlet, called 'Mittimatalik' in Inuktitut, is a traditional Inuit community on Baffin Island. It overlooks Eclipse Sound and the mountains of Bylot Island and is known as a great place to see large pods of narwhal.

±Savings are based on two adults sharing an Expedition XL Suite (MB). Please note, pre- and post-cruise hotels may be based on different hotels. *Expedition activities are optional and pre-bookable excursions are at Limited Package Holiday booking conditions apply. - Sun 20 - Relaxing at sea**
- Thu 24** Sail through the Bering Strait, before heading into the Chukchi Sea. The Expedition Team will start their lecture program preparing you for the days ahead. Be sure to keep a sharp eye open as you sail for Bowhead and Grey whales and you may also start seeing sea ice. Continue into the Amundsen Gulf, where you can hope to observe the remarkable Smoking Hills – an amazing sight, with smoke billowing from the cliffs on the east coast of Cape Bathurst
- Fri 25 - ★ The Northwest Passage★**
- Thu 31** Sail into the heart of the Northwest Passage. Since the late 15th century, the search for this fabled seaway through the Canadian Arctic was a holy grail for hardy adventurers. There are records of almost 40 expeditions that sailed these waters. The first recorded attempt was the voyage of John Cabot in 1497. The most famous journey here was James Cook's failed attempt to sail the Passage in 1776, and of course the ill-fated Franklin expedition of 1845. The first to conquer the Northwest Passage by ship was Norwegian explorer Roald Amundsen on an expedition that lasted from 1903 to 1906. During your sailing, you will attempt to land on several sites

including Ulukhaktok, Cambridge Bay, Gjøa Haven, Fort Ross, Beechey Island, Devon Island and Pond Inlet. In addition, you will be sailing in amazing straits with unique nature and hopefully enough ice to make it for excellent wildlife spotting

SEPTEMBER 2023

- Fri 1 - Sun 3 ★ The Northwest Passage★**
- Mon 4 Cross the Davis Strait**
Today, cross the Davis Strait, named for the English explorer John Davis, who led three expeditions in the area between 1585 and 1587
- Tue 5 Ilulissat, Greenland**
Ilulissat is set in the stunning scenery of the Ilulissat Icefjord, a UNESCO World Heritage Site. Just outside the town, at the mouth of the fjord, you can often see enormous icebergs that have run aground. They originate from the Jakobshavn Glacier, one of the most productive glaciers in the Northern Hemisphere. The icebergs make their way down the 20km fjord before entering Disko Bay
- Wed 6 Sisimiut, Greenland**
Sisimiut is situated 40km north of the Arctic Circle and is a modern settlement that maintains ancient traditions. Come ashore to explore the colourful town; visit the small museum, hike in the hills and shop for local handicrafts
- Thu 7 - Fri 8 Sail across the Labrador Sea**
Cross the southern part of the Labrador Sea, this time towards Newfoundland and Labrador in Canada
- Sat 9 Red Bay, Labrador, Canada**
Red Bay, on the coast of Labrador, is a classic outpost of Atlantic Canada, a coastal community with a population of less than 200. Wander around the former whaling town and learn about its interesting history

- Sun 10 Corner Brook, Newfoundland, Canada**
Corner Brook is located on the west coast of the island of Newfoundland and has approx. 20,000 inhabitants. The area was first surveyed by Captain James Cook in 1767. Explore the charming town centre or enjoy its many walking trails amid vibrant autumn leaves
- Mon 11 Relaxing at sea**
Enjoy time with the Expedition Team to look back at experiences shared and recapping your voyage
- Tue 12 Halifax, Nova Scotia, Canada**

MARVEL AT THE MAGICAL SNOW MONKEYS OF JAPAN

The Japanese macaque, better known as the Snow Monkey, are named so because they live in areas where snow covers the ground for many months each year and can be distinguished by their red faces, brown-grey fur and short tails.

During your tour, you will spend time at the Jigokudani Monkey Park, home to the famous Snow Monkeys. Here you'll have the incredible opportunity to see wild monkeys bathing in a natural hot spring, known in Japan as an onsen.

Accustomed to humans, the monkeys can be observed from very close quarters but as a highly protected species there are strict rules in place meaning you mustn't touch them – but you can watch! Marvel as large families of monkeys relax in the warm water – watching how they interact can be highly entertaining.

±Savings are based on two adults sharing the lowest grade advertised. Where stated, guests can choose from one added benefit. Guests in the same stateroom must choose the same benefit. *Choice of free excursions prior to departure and are subject to availability. 5★ relates to the cruise element only.
