YOUR ONCE IN A LIFETIME EXPERIENCES

MARVEL AT THE MAGICAL SNOW MONKEYS OF JAPAN

The Japanese macaque, better known as the Snow Monkey are named so because they live in areas where snow covers the ground for many months each year and can be distinguished by their red faces, brown-grey fur and short tails. During your tour, you'll spend time at the Jigokudani Monkey Park, home to the famous Snow Monkeys. Here you'll have the incredible opportunity to see wild monkeys bathing in a natural hot spring, known in Japan as an onsen. Accustomed to humans, the monkeys can be observed from very close quarters but as a highly protected species there are strict rules in place meaning you mustn't touch them – but you can watch! Marvel as large families of monkeys relax in the warm water – watching how they interact can be highly entertaining.

MAGNIFICENT MOUNT FUJI

Parting earth and sky with remarkable symmetry, Mount Fuji has become famous throughout the world and is considered the sacred symbol of Japan, known for its graceful conical form like a stairway to heaven. Being the tallest mountain in Japan, the views against a brilliant blue sky when the sun crests near the peak and shimmers like a gem. Situated on the mountain are the many hot springs that are heated by the volcano. For those wishing to fully immerse themselves in Japanese culture, Mount Fuji is a sacred mountain surrounded by temples and shrines as the mountain has become an important pilgrimage to many.

UNCOVER THE MYSTERIES OF EASTER ISLAND

Just south of the Tropic of Capricorn, Easter Island, or Rapa Nui, lies 3,790 kilometres to the west of Chile. Extraordinarily remote, this island was first inhabited by Polynesians about 1,200 years ago. The island is best known as the site of more than 600 stone statues, or moai, which stand up to nine metres in height. The statues were carved in the spectacular Rano Raraku quarry and were then believed to have been transported on wooden rollers to their destinations.

INDEPENDENCE DAY IN NEW YORK

In 1775, the people of New England began fighting the British for their independence and on 2nd July 1776, the Congress secretly voted for independence from Great Britain. The Declaration of Independence was first published two days later on 4th July 1776, but wasn't actually signed until a month later. Today Independence Day is a federal holiday in the United States commonly known as the 'Fourth of July', where celebrations include fireworks, parades, barbecues, carnivals, sports games and much more.

Wed 19 - **Crossing the Drake Passage**

Thu 20 Relax on board as your ship makes its way to Antarctica. Partake in a series of insightful lectures led by the Expedition Team – learn about local wildlife and the fascinating history and environmental science of Antarctica. Delight your palate at a choice of on-board restaurants. Enjoy a glass of your favourite tippie in the Explorer Lounge and Bar

Fri 21 - **★Exploring Antarctica★**

Tue 25 Nothing quite prepares you for it. Surrounded by looming glaciers, and icebergs of floating cathedrals, Antarctica will fill you with wonder. Perhaps the most surprising part of Antarctica is the silence. It's a stillness that's broken every so often by the locals – the wildlife. You'll spend an exciting five days busily exploring several of the possible landing sites. Wherever we go and whatever we do, each day will offer something different and thrilling

Wed 26 - **Crossing the Drake Passage**

Thu 27 As you savour your Antarctic experiences, prepare for more adventures ahead as you cruise towards the Falkland Islands. In the Science Center, you can look through the microscope at the tiny krill and phytoplankton that sustains so much of the region's wildlife. Get tips from our professional photographer to improve your images, or join a workshop on wildlife painting and nautical knots

Fri 28 - **★Exploring the Falkland Islands★**

Sun 30 The Falkland archipelago is filled with seamless horizons and white sands teeming with birdlife. The occasional farm dots the landscape. You'll find grassy hills, wild flowers, sandy beaches and turquoise waters, in contrast to the vast whiteness of Antarctica. You'll also enjoy an included community walk of Stanley, taking in the Jubilee Villa Gardens, Christchurch Cathedral and the Historic Dockyard Museum
