Introducing our Cruise Miles® Ambassador, Jennie Bond

TV Presenter, Journalist and ROL Cruise Ambassador, Jennie Bond has many strings to her bow. When she's not busy working, Jennie loves to travel, and cruising is definitely one of her guilty pleasures.

Jennie Bond and the ROL Cruise team formed a close partnership in 2012 when she became the face of our official rewards programme – Cruise Miles®. Since beginning her role as Ambassador, Jennie has attended a number of our exclusive events, and enjoys meeting our clients, who share her passion for travel.

“The past few months have been testing for everyone, and I think they've left many of us mentally and physically battered. In my view, the best panacea for all that stress – if you can possibly manage it – is a holiday. But you definitely need to travel with a company you trust and which has a proven track record. ROL Cruise have a solid 25 years of experience, they are fully ABTA and ATOL bonded, and they will reward your loyalty with Cruise Miles®.

There's something about a cruise holiday which gets into your blood and, during the pandemic, I've really missed my days at sea. I can't wait to get back on board, relax into that cushion of luxury, and head off to explore the world again.

If, like me, you're a bit of a cruise addict, you'll need no further convincing. If you're a cruise novice or just thinking about it, believe me...you couldn't be in better hands than with ROL Cruise. They really ARE the experts in their field. And while you're enjoying yourself on one cruise, you can be earning Cruise Miles® which will set you up for all sorts of benefits on future holidays. So, fingers crossed we shall all be cruising again soon. ”

5 Natural Wonders You Must See In Your Lifetime

Experience the many natural wonders of the world in the best possible way.

Our planet is full of awe-inspiring, breathtaking locations, but none more so than the natural wonders that are dotted around our vast lands. From crashing waters to deep canyons, there are some locations across the globe that really shouldn't be missed, especially on your next cruise.

Mount Everest

A location that is known by many; Mount Everest is iconic. Known for being the Earth's highest mountain range above sea level rising to a mighty 8,848 metres, you won't find a location quite as magnificent.

Even the view from afar can take your breath away. Gaze at the mass of snowy rocks as they hug the clouds at their peak. Sitting on the border between Nepal and China, the vast mountain range is best explored on a local tour or from the safety of a nearby viewing point as only the most experienced hikers have scaled its extensive peaks.

Niagara Falls

Made up of three waterfalls and situated in the province of Ontario, Niagara Falls is the largest horseshoe-shaped waterfall in the world and was formed over 12,000 years ago. Since it opened to the public in 1885 it has welcomed over 30 million people each year, a number that continues to grow.

This unbelievable natural wonder was recently named the second best tourist attraction in the world. Visit the waters at night for a full light display as the spray dances over the lights that shine into the depths.

Banff National Park, Canada

Banff National Park offers a myriad of colours, smells, sights and experiences unlike any other. Known for being Canada's oldest National Park and located in the Rocky Mountains, it is no surprise that this is a popular location for those looking to experience something extra special in Canada.

Great Barrier Reef, Australia

A location unlike any other and one that almost every travel lover wishes to visit, the Great Barrier Reef sits on the coast of Australia and is the only living thing on earth that can be visibly seen from space.

Stretching over 2,500km the reef is an expanse of vivid coral that is home to some of the world's prettiest and rarest species of fish, turtles and sea mammals. There is only one way to see this natural wonder in all its glory and that's by taking a snorkelling or scuba diving experience from the coast. Swim amongst fish, paddle into the crevasses that line the coral clusters and witness the magical colours of the reefs seabed's first-hand.

Aurora Borealis, Varying Locations

A sight that is treasured by those who get the chance to witness it, the Aurora Borealis or Northern Lights as they are more commonly known, is an out of this world experience that is truly like magic in the sky. The dancing lights tend to take to the skies between September and March so a visit to Norway or Iceland during these months gives you the best opportunity to catch a glimpse for yourself.

The lights and flashes are caused by solar wind meeting the earth's magnetic field and atmosphere. Catching a sighting of this spectacle is rare, so seeing this natural wonder in real life is a treat unlike any other.

From Alaska to cruises to Europe, it has never been easier to witness some of the world's most outstanding natural wonders. Add some of these locations to your bucket list and start planning your next adventure packed cruise now, what are you waiting for?

Choosing your Cruise...

Find a specialist

As an Independent Cruise Specialist, we are not tied to any one cruise line meaning you will always enjoy impartial advice. Your cruise holiday is of the utmost importance to us, and whether you are planning to set sail on a last-minute trip or wanting to make the most of our exclusive cruise deals for the year ahead, our Cruise experts will be sure to find you the best value package. They are there to offer advice and share their knowledge and experience to help you find the best cruise for you!

When and where?

Choose where you want to go and the destinations you want to visit. You may also wish to consider special themes such as Christmas cruises or special events such as the D-Day anniversary, Venice Carnival, Mardi Gras in New Orleans, Rio Carnival, Monaco Grand Prix or Chinese New Year. Cruising offers a range of opportunities to see the world.

How long for?

Decide how long you would like to be away for. If your embarkation port is not too close to home, allow for the extra journey time. Cruises range from short breaks of 2 nights to world cruises of 100+ nights and everything in between.

Choose the right ship

Would you prefer a smaller ship to cater for a couple of hundred guests or the larger ships carrying a few thousand? Would you prefer a ship with non-stop entertainment and activities or are informative talks and creative learning more your style? Are you planning a family getaway or would you like a break from the children or grandchildren on an adults-only ship? Our Cruise experts will talk you through the best ship for your requirements, ensuring you get the holiday you planned for!

Accommodations

Interior cabins have no windows and no views, so if your chosen itinerary sails through a lot of scenery, treat yourself to an ocean view cabin and take in the sights from the luxury of your room. There is nothing better than relaxing on your balcony whilst sailing the Caribbean or Alaska's Inside Passage. If you are concerned about movement, opt for a midship located cabin and for longer cruises the extra space of the suites is often appreciated.

Dining

If you like the idea of the traditional fixed dinner seating, the later dining means you can make the most of the time in port without rushing back to change for dinner, and you can choose a larger table to get the best of the experience. Those who like a little more flexibility can opt for the flexible anytime dining. Don't forget, your ship will offer alternative restaurants for you to dine in during your cruise. Some cruise lines even offer specialty restaurants free of charge!

Extra costs

There is already so much included in your cruise fare; however, it's worth budgeting for drinks (some lines include drinks or optional pre-paid drinks packages), optional shore excursions and any extras on board such as spa treatments, purchases from the shops or gaming in the casino.

Over the next few pages, we give you a taste of what each of our most popular cruise lines has to offer.

Choosing ROL Cruise is choosing quality and ensuring an award-winning service for your next holiday. As an independent cruise Specialist, we are not tied to any specific cruise line, so we will always offer the cruise that best suits you.

Once you find a cruise line that fits your needs, please call our Cruise experts on **0808 102 3796**.
