

SCENIC°ECLIPSE

THE WORLD'S FIRST DISCOVERY YACHTS™

DISCOVER

ABOVE, BELOW & BEYOND

Adventures Await

Explore further than ever before with Scenic Eclipse, travelling to some of the most remote regions on the planet, where smaller passenger numbers enable better access and our team of discovery experts lead in-depth expeditions to places previously unimaginable.

In the Arctic and Antarctic regions, our 16 passionate Discovery Team members will lead Scenic Discovery excursions by Zodiac and kayak, as well as guided nature walks and lectures in our on board theatre. While our two on board helicopters^ and six-seat submarine^ allow us to exceed the possibilities for expedition cruising currently available.

Designed to ensure the highest international safety standards, Scenic Eclipse has a Polar Class 6 rating and uses custom-built stabilisers for safe navigation through polar waters. And, GPS dynamic positioning allows us to maintain our location without dropping anchor onto sensitive sea beds.

Scenic is a proud member of the International Association of Antarctica Tour Operators (IAATO) and the Association of Arctic Expedition Cruise Operators (AECO). As a member, operations in these sensitive environments will be carried out to these strict environmental standards.

Zodiac excursion, Svalbard

Discovery expeditions by Zodiac & kayak

The highest standards of luxury, combined with new levels of expedition discovery mean we're changing the way you experience the world, in particular the polar regions.

Setting the benchmark for 6-star discovery, our fleet of Zodiacs and kayaks enable us to take you closer than ever before to catch glimpses of whales in the Arctic or parading penguins in their Antarctic habitat.

Airbus H-130-T2 helicopters

Our state-of-the-art helicopters^ hold six guests and, as one of the quietest in the skies, sets the standard for tourism operations worldwide. Both feature Bose® noise cancelling headsets, custom-designed leather seats, air conditioning and cameras on board, to provide high quality footage of your flight when you return. Imagine flying over remote fjords, glaciers or archaeological wonders, witnessing them from a whole new perspective.

U-Boat Worx Cruise Submarine 7

Our on board submarine, Scenic Neptune^, offers seating for up to six guests and is capable of diving up to 300 metres beneath the ocean's surface. Custom-built for optimal sightseeing, passengers will share uninterrupted views through ultra-clear acrylic spheres from their 280-degree rotating seats, mounted on a revolving platform. Delve into the cold waters of the Arctic or the warm Caribbean to catch a glimpse of the captivating marine life.

Discovery Team

From historians, geologists and marine biologists, to archaeologists and photographers, we've sought out the top experts in their field who will provide you with unrivalled insight and further enhance your expedition experience.

Some of the most fascinating people on the planet, they'll safely guide you through unique terrain, where every experience is different to the next. Our on board helicopters[^], submarine[^] and fleet of exploratory Zodiacs and kayaks will get you closer to nature's wonders, while snorkelling excursions reveal a whole new underwater horizon.

Scenic Eclipse Discovery Centre

Our Discovery program is the backbone of our voyages offered in Antarctica, the Arctic, Central and South America, so we've exclusively designed the perfect place to begin and end an exhilarating excursion with your Discovery Team.

Scenic Eclipse's Discovery Centre allows you to change into and out of your specialised clothing with ease, no matter the weather conditions. In polar destinations, you'll receive a complimentary custom-designed parka with separate inner and outer layers, a refillable water bottle and use of special boots designed for these regions. Shake off any excess mud, hang up damp coats to dry and get cosy quickly, in absolute luxury.
