## Senses Spa

Feel an overwhelming sense of tranquillity as you arrive at the stunning gold leaf reception of Senses Spa. We chose the Ginkgo leaf to reflect the philosophy of the space, representing the beauty, strength and vitality of the Ginkgo tree, revered throughout Eastern cultures. Here, you'll discover a menu of luxurious treatments<sup>§</sup>, an impressive range of indoor and outdoor spaces, Scandinavian-inspired plunge pools, saunas and steam rooms. And, they're all complimentary.

## Total tranquillity throughout

In our Thermal Lounges, allow the heat from our unique thermal loungers to gently purify the body, as the tranquil music playing through your Bose<sup>®</sup> headset works on soothing the mind.

Experience the art of Nordic bathing as you dip in and out of the temperature-controlled plunge pools and explore our separate male and female steam rooms and saunas, which use KLAFS infrared technology. Enjoy a specialist experience shower with separate showerhead functions to suit your requirements, as well as a colour-change setting for your preferred ambiance.

Elsewhere, our beauty therapists provide uninterrupted bliss in the form of a relaxing massage, deep cleansing facials and hair treatments in the specialised salon<sup>§</sup>.
