This evening, the train will stop in Kalgoorlie where you can join a tour of Australia's Gold Capital. Hear stories of the Largest Outback City in Australia that was built on gold. Inspect the massive Superpit Goldmine, now more than 400m deep and 3.3km long before travelling along Hannan Street to view the Heritage building (D)

Mon 21 ★Cook, Australia★

Cook, once a thriving railway settlement, now has only a handful of residents left and is one of the world's most isolated outposts. ONE OF THE WORLD'S GREATEST RAIL JOURNEYS

Introducing the *Indian Pacific* train

Stepping aboard the mighty Indian Pacific train, you'll feel a great sense of anticipation as this unforgettable three night Australian adventure begins to unfold. You'll be making your way across the longest stretch of straight railway track in the world in an absolutely remarkable 4,352 kilometre journey from the Indian Ocean to the Pacific Ocean.

This is a journey of contrast, from the towering majesty of the Blue Mountains to the barren expanse of the Nullabor and every goldmine, ghost town and grapevine in between. Become rich with authentic Australian experiences as you mingle with like-minded travellers in the

Outback Explorer Lounge – the perfect place to enjoy a wide range of all-inclusive refreshments as you catch glimpses of passing wildlife through wide picture windows.

You will be struck by the ornate styling of the Queen Adelaide Restaurant, reminiscent of old-world rail travel. Dynamic menus showcase the finest regional flavours available – from Top End barramundi, locally produced beef and lamb and native Australian fare including wild rosella flower, there is plenty to savour.

This is a transcontinental journey unlike any other.

ROL WELCOME YOU TO THE WORLD OF CRUISING

In recent years, cruising has become an increasingly popular way to travel and see the world – and when you consider everything that a cruise has to offer, it's easy to see why. Cruising for some has become the number one travel choice and if you haven't considered a cruise for your next trip away, here's why it should be at the top of your list.

Fantastic value for money...

Sailing away has never been more affordable. Your cruise package includes accommodation, all meals on board, entertainment, activities and social functions, use of all ship facilities, plus flights and transfers where applicable. A number of cruise lines also include shore excursions, gratuities, on board spending money and drinks packages!

Cruising is all about choice...

With the world at your fingertips and a whole host of cruise ships to pick from, the way you cruise and where you cruise to is all about you. From an all-inclusive ultra-luxury circumnavigation of South America or traditional cruise of our very own British Isles, to the chance to witness the Northern Lights on deck or sail through Europe's waterways – the choice is always yours.

Meet new people...

On board a specific ship and sailing towards the same destination, you're bound to find things in common with your fellow passengers. Many cruise-goers find that the like-minded people they meet on board often become friends for life. But fear not – if you prefer your own company, then there are plenty of spaces available on board for a bit of peace and quiet.

Mouth-watering food and drink...

Ask any frequent cruiser what their favourite part of a cruise is, and food and drink are guaranteed to be up there. With award-winning chefs and a selection of top restaurants on board, the food has a well-deserved reputation. From 'round-the-clock' buffets and elegant dining halls to speciality restaurants and a choice of fixed dining, your options are overwhelming.

Exceptional service, every time...

Whilst on board you can expect a nightly turn-down service and chocolates on the pillow, a head waiter, assistant waiter, and possibly a wine sommelier to attend to your every need at dinner, and cruise staff will greet you and offer assistance for anything you may need. The staff on board are always delighted to help but are never intrusive. You can expect to be treated like royalty; after all, this is all part of the cruise experience.

At your own convenience...

Most cruise companies sail from a range of ports in the UK, so it's easy to travel to and from your joining port. If you choose to take a fly-cruise, the cruise line can arrange flights, baggage handling and transfers to and from the ship.

WELCOME TO THE GALÁPAGOS ISLANDS...

The remote location of the Galápagos Islands has allowed for a unique and diverse range of species, seen nowhere else in the world. This isolation has enabled many different and unusual species to flourish not only for this reason, but also because they have fewer natural predators. The phenomenon that are the Galápagos Islands is what inspired Charles Darwin's Theory of Evolution.

- The iconic Blue Footed Boobies nest on the volcanic coast of Bartolomé and travelling in October is a prime time to see them raising their young.
- Spend time with the iconic Giant Tortoise who on average spends 16 hours a day resting.
- The small Galápagos penguins are commonly found on Bartolomé and nest in the coastal lava. They are the only species of Penguin that are to be found north of the Equator.
- South Plaza is home to a colony of Land Iguanas that reside in the cactus forest. This is one of the only places to spot the Hybrid Iguana (a result of a land and marine iguana).
- Large colonies of sea lions bask in the sun on South Plaza but are widespread throughout the islands. The Galápagos Fur Seal – which is closely related – can be found on Bartolomé.
- The exotic looking Red Sally Lightfoot Crabs can be seen throughout the archipelago feeding on shore debris.
- North Seymour has a breeding colony of the impressive Frigate Birds which are known for inflating their red bill in order to attract a mate.
- Santa Fe is the only place to spot the magnificent and prehistoric-looking Santa Fe Iguana.

INTRODUCING *MS FRAM*

The original Fram was the most famous explorer ship of its time, and the achievements of her expeditions are unparalleled. *MS Fram* brings on the heritage of the original Fram, using the most advanced technology to make her exceptionally well suited for expedition voyages.

Fram means 'forward' – lifting expectations of the voyage at hand. *MS Fram* was built in 2007 with one mission in mind – to bring her guests closer to nature, wildlife and unforgettable experiences. The spacious outside decks include access to the very front of the ship – a great place to observe marine wildlife.

THE FUTURE IS GREEN

Hurtigruten plan to make history by becoming the world's first cruise line to remove all single-use plastics from their ships. In the hope that other cruise lines will follow suit, Hurtigruten, who sail to some of the world's most remote, pristine and delicate environments, have made their announcement at a time when concern for rising plastic in the oceans is at an all time high. Hurtigruten will forego plastic straws, coffee lids and plastic bags on all of their 14 ships from July 2019, even single-use butter packaging!
